from Fifth Biennial Report of the State Board of Health of Maryland January 1884 As was urged by our lamented president
the late Dr E Lloyd Howard the abatement of special nuisances and such like acts should form no part of the duties of a State
Board of Health Its work should rather consist in aiding local boards in collecting statistics of sanitary value in making
investigations in the causes of disease and death in advising proper measures for the prevention and suppression of epi
demies in making inspection of jails almshouses and other public institutions To carry out these purposes fully and
systematically it is essential that the board shall have the cooperation of local boards in at least each town and county in the
state and also that there shall be enacted a comprehensive and effective system for the collection of vital statistics The board
has from the first realized the need of these agencies and has been unremitting in its efforts to secure them With this view
papers have been submitted to each legislature since the organization of the board detailing plans by which it was thought
most feasible to collect the vital statistics of the state and on which it was thought local boards could best be estab lished
effectually and economically They have not been act ed upon and the work of the board has in consequence been greatly
impeded and limited About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find

Report of St. John's College, Annapolis, MD., To the General Assembly of Maryland James M. Garnett,2015-07-11
Excerpt from Biennial Report of St John s College Annapolis MD To the General Assembly of Maryland January 10th 1878 Sir
In accordance with custom I have the honor respectfully to submit through you to the General Assembly of the State my
Report of St John s College for the past two years and of its present condition Past Legislation in Reference to the College
For a correct understanding of the relations of the College to the State I would mention briefly a few points in connection
with its history which may not be known to all the members of your Honorable Body The College was chartered in 1784
Chapter 37 and by the terms of the charter it was enacted Section 19 that the sum of 1 750 current money 4 666 66 be
annually and forever hereafter given and granted as a donation by the public to the use of the said College The private
subscriptions for the establishment of the College amounted at that time to 32 000 and the above was the State s donation
for its continued support This was however withdrawn by a resolution of 1805 Chapter 85 which resolution was held by the
Court of Appeals in 1859 15 Maryland page 330 to be a violation of the contract contained in the charter and therefore void A
resolution of 1811 No 38 restored 1 000 per annum to the College and a resolution of 1832 No 41 increased this to 3 000 per
annum but coupled it with the condition that this sum should be received as satisfaction in full of all claims of the College
