Big Bend A Homesteaders Story:

Big Bend J.O. Langford, Fred Gipson, 2010-07-05 A first hand account of a chronically ill man who uproots his family to settle on the banks of the Rio Grande written with the author of Old Yeller To the wild and fabulous country where the Rio Grande makes its big bend J O Langford came in 1909 with his wife and daughter in search of health and a home High on a bluff overlooking the spot where Tornillo Creek pours its waters into the turbulent Rio Grande the Langfords built their home a rude structure of adobe blocks in a land reputed to be inhabited only by bandits and rattlesnakes Big Bend is the story of the Langfords life in the rugged and spectacularly beautiful country which they came to call their own Langford s account is told with the help of Fred Gipson author of Old Yeller and Hound Dog Man Big Bend is the story of a way of life beautiful in its simplicity a story that can be read again and again for it is a book of substance New York Herald Tribune Not a big book this but as warming to the senses and to the heart as a mesquite fire on the open hearth It is also a book that reflects a commonality of the Western experience of this Nation a homesteader s story San Francisco Chronicle This is one of those rare books of actual experience with the smooth continuity of the best fiction Houston Chronicle **Big Bend** J. From Presidio to the Pecos River Orville B. Shelburne, Jr., 2020-10-08 The 1848 treaty of Guadalupe Hidalgo that ended the Mexican American War described a boundary between the two countries that was to be ascertained by a joint boundary commission effort The section of the boundary along the Rio Grande from Presidio to the mouth of the Pecos River was arguably the most challenging and it was surveyed by two American parties one led by civilian surveyor M T W Chandler in 1852 and the second led by Lieutenant Nathaniel Michler in 1853 Our understanding of these two surveys across the greater Big Bend has long been limited to the official reports and maps housed in the National Archives and never widely published The discovery by Orville B Shelburne of the journal kept by Dr Charles C Parry surgeon botanist geologist for the 1852 party has dramatically enriched the story by giving us a firsthand view of the Chandler boundary survey as it unfolded Parry s journal forms the basis of *From Presidio to the Pecos River* which documents the day to day working of the survey teams The story Shelburne tells is one of scientific exploration under duress surveyors stranded in towering canyons overnight without food or shelter piloting inflatable rubber boats down wild rivers rising to the challenges of a profoundly remote area including the possibility of Indian attack Shelburne s comparison of the original boundary maps with their modern counterparts reveals the limitations of terrain and equipment on the survey teams Shelburne s book provides a window on the adventure near disaster and true accomplishment of the surveyors work in documenting the course of the Rio Grande across the Big Bend region **A Stake in West Texas** Rebecca D. Henderson, 2014-01-21 In 1950 Ann was eighteen and Bob D twenty when he asked her to marry him and hit the road for West Texas They packed their station wagon left home
