Relational Children's Ministry Dan Lovaglia, 2016-04-05 Children's ministry has the power to change the lives of kids and families. Unfortunately, it's not always clear that the work a person does with kids is really making a lasting difference. Ask children's ministry leaders and kid influencers if they are making the impact on children's lives as they had hoped and most likely the responses will be mixed. And for good reason. Research over the past decade has revealed an alarming lack of long-term growth in the faith community as children progress through student ministries into adulthood. Clearly, something needs to change. Relational Children's Ministry seeks to reverse this trend by equipping children's ministry leaders with practical tools to disrupt the status quo approach to discipleship with children and realign their ministries for greater long-term impact. Ministry leaders will learn how to relate intentionally to kids and families by putting five discipleship invitations modeled by Jesus into practice. Explore practical approaches to realign their children's ministry for a new trajectory by hitting three reset buttons to ensure long-term discipleship is embedded. Encounter examples of disruptive disciple makers in action and learn key principles that can be translated into their own ministry context. Children's ministry leaders will receive practical training to refocus their children's ministry along with time-tested tools to personally recommit to lifelong discipleship. Kid influencers can become a disciple-making community that redirects the current trajectory for this and future generations.

The Christian Evangelist, 1901 **Christianity in Action** Henry Gariepy, 2009-09-15 This meticulously researched yet engaging book traces The Salvation Army's history of service from its beginnings in Victorian England to its present-day mission in all parts of the world. A phenomenal religious movement acclaimed for its compassionate service, The Salvation Army now works in no fewer than 118 countries, yet no contemporary book has chronicled this high-profile organization until now. Henry Gariepy's well-written comprehensive account effectively fills that gap.

Mission Studies, 1911 **Quest for the Kingdom** John M. Newman, 2011 A fascinating analysis that blends world history, Western religion, and Eastern mysticism. Quest for the Kingdom by Dr. John M. Newman examines the kingdom of God as the historical Jesus describes it. The book's premise holds that Jesus' teachings include specific instructions for the quest to find and live in God's kingdom before death. This powerful work favors fact, and readers can revel in Jesus' authentic teachings that describe the quest both as internal spiritual cultivation and the way to live in the world. It is rare for a book on Christian theology to break new ground, but Newman does this on two fronts: the striking parallel of Jesus' teachings with the ancient mysticism of yoga and the equally fascinating parallel between Jesus' healing techniques and the practices of modern psychotherapists like Freud. Newman is meticulous in drawing these original and unique parallels, and they lift this work's premise to a non-generic level that speaks to several audiences: an accomplishment that sets the work apart from the pack. In twenty accessible and engaging chapters like *The Kingdom of God*, *The War of the Houses*, *The Kingdom Is Like a Woman*, *Spiritual Cultivation*, and *The Exorcisms and Healings of Jesus*, the reader watches Jesus at work healing and offering his parables at a communal meal.

In addition to elucidating the path to the kingdom that Jesus shared with his followers Newman explains and illustrates the voice print of Jesus his sage rhetorical strategies and distinctive discourse Newman brings Jesus parables to life with a penetrating analysis that enables the reader to experience Jesus mastery of metaphor and management of the unconscious trajectory of thought in the minds of his listeners A commanding new breakthrough in the understanding of the teachings and works of Jesus this book is a must read for academics and laypersons alike **The Presbyterian**, 1894 **Churches That Make a Difference** Ronald J. Sider, Philip N. Olson, Heidi Rolland Unruh, 2002-04-01 Churches over the past generations have been weakened by a failure to meet both the physical and spiritual needs of their communities Many have adopted a narrow vision focusing on only one aspect of ministry But in today's environment of faith based opportunities many Christians are eager to start reaching out to their world with both Good News and good works and therefore they are searching for appropriate ways to integrate both into their ministry In Churches That Make a Difference best selling author Ron Sider and his coauthors give those involved in community outreach a comprehensive resource for developing holistic ministry a balance of evangelism and social outreach Illustrations and helpful organizational tips detail the how to's of an effective holistic ministry Case studies that show how different churches across the United States reach out to their communities provide a variety of ideas and practical applications User friendly tools are included as well for congregational studies surveys evaluations and community assessments The authors draw on extensive experience with church ministries and faith based organizations as they share the life changing vision and biblical mandate for living the whole gospel Church leaders will be encouraged in their process of developing and maintaining a holistic ministry and local churches will rediscover a passion for loving the whole person the way Jesus did **Encyclopedia of Christian Education** George Thomas Kurian, Mark A. Lamport, 2015-05-07 Christianity regards teaching as one of the most foundational and critically sustaining ministries of the Church As a result Christian education remains one of the largest and oldest continuously functioning educational systems in the world comprising both formal day schools and higher education institutions as well as informal church study groups and parachurch ministries in more than 140 countries In The Encyclopedia of Christian Education contributors explore the many facets of Christian education in terms of its impact on curriculum literacy teacher training outcomes and professional standards This encyclopedia is the first reference work devoted exclusively to chronicling the unique history of Christian education across the globe illustrating how Christian educators pioneered such educational institutions and reforms as universal literacy home schooling Sunday schools women's education graded schools compulsory education of the deaf and blind and kindergarten With an editorial advisory board of more than 30 distinguished scholars and five consulting editors The Encyclopedia of Christian Education contains more than 1 200 entries by 400 contributors from 75 countries These volumes covers a vast range of topics from Christian education History spanning from the church's founding through the Middle Ages to the modern day Denominational and institutional profiles Intellectual traditions in Christian

education Biblical and theological frameworks curricula missions adolescent and higher education theological training and Christian pedagogy Biographies of distinguished Christian educators This work is ideal for scholars of both the history of Christianity and education as well as researchers and students of contemporary Christianity and modern religious education

Reclaiming Faith Ephraim Radner, George R. Sumner, 1993 These essays contributed by a scholarly group of postliberal theologians commend the usefulness of traditional Christian language and doctrine for articulating the gospel today and are pertinent to many mainline Protestant denominations and to the Roman Catholic Church indeed to all churches struggling with current revisionary challenges to traditional doctrine

Practicing the Monastic Disciplines Sam Hamstra Jr., Samuel Cocar, 2021-07-12 In *Practicing the Monastic Disciplines* authors Sam Hamstra Jr and Samuel Cocar recover the wisdom of the Christian desert and make it more available and accessible to modern Christians especially those in the evangelical circle they inhabit Believing that moderns like themselves often flail in their Christian lives the authors discover in the desert Christians of late antiquity a clear map for growing in Christlikeness as well as an effective set of tools or weapons for combating temptation This set of insights sees its completion in the spiritual theology of Evagrius Ponticus a monastic theologian who expertly assessed the maladies and corresponding remedies of Christian discipleship Evagrius and his comrades offer modern Christians a coherent framework for spiritual formation and growth one which treats seriously both the frailties of human nature and the potential for sanctification This strand of patristic spirituality guides us toward glorifying God through both training our bodies and ordering our interior lives
