**Related Party Transactions and Corporate Groups** Ivan Romashchenko, 2020-03-06 In a market environment where economic actors conduct themselves as diligent and conscientious managers the regulation of related party transactions RPTs would be largely irrelevant Unfortunately the corporate reality is far from an ideal world that is innocent of market abuse and corporate fraud It remains necessary to protect minority shareholders from the wrongdoings of majority shareholders and to protect all shareholders from opportunistic managerial behaviour This timely book the first on the subject since implementation of the European Union s EU s revised Shareholders Rights Directive provides in depth analysis

of how and to what extent RPTs are covered by existing legal requirements on capital protection and corporate group regulation highlighting experiences and strategies adopted in Germany Poland and the Netherlands as examples for Eastern European countries and in particular Ukraine Beyond his comparative analysis of the current status the author offers recommendations for more effective handling of RPTs investigating such aspects as the following what constitutes a corporate group and how group issues are regulated in the various legal systems what constitutes a conflict of interest originating in ownership and control and what types of such conflicts occur whether RPTs within corporate groups should receive special treatment relative to transactions outside groups combatting corporate raiding most often carried out through illegal seizure of corporate assets approval and disclosure requirements for RPTs and how information about RPTs is disclosed publicly Drawing on resources including legislation case law scholarship and intensive discussions with practicing lawyers from several jurisdictions the author underscores the imperative of establishing limitations and requirements that oblige a company's officers shareholders and other potential related parties to follow certain rules whenever they wish to enter into an RPT As a contribution to the debate about the convergence between EU corporate law and that of major eastern European states the book has no peers Practitioners in both East and West who advise on compliance with regulations for RPTs or represent stakeholders interests against abusive RPTs will ensure appropriate remedies and protection mechanisms for their clients

Corporate and Unitary Legal Entities in Russia Florian Heindler, 2018-04-19 Derived from the renowned multi volume International Encyclopaedia of Laws this practical analysis of the law of business formations in Russia provides quick and easy guidance on a variety of corporate and partnership considerations such as mergers rights and duties of interested parties stock exchange rules labour laws and takeovers Lawyers who handle transnational business will appreciate the explanation of local variations in terminology and the distinctive concepts that determine practice and procedure A general introduction covering historical background definitions sources of law and the effect of international private law is followed by a discussion of such aspects as types of formation capital shares management control liquidation mergers takeovers holding companies subsidiaries and taxation Big companies various types of smaller entities and partnerships are all covered in turn These details are presented in such a way that readers who are unfamiliar with specific terms and concepts in varying contexts will fully grasp their meaning and significance Thorough yet practical this convenient volume puts the information necessary for corporations to compete effectively at the user's fingertips An important and practical tool for business executives and their legal counsel interested in engaging in an international partnership or embarking on corporate expansion this book will prove a valuable time saving tool for business and legal professionals alike Lawyers representing parties with interests in Russia will welcome this very useful guide and academics and researchers will appreciate its value in the study of comparative business law

*Information Rights* Philip Coppel KC, 2020-06-11 Retaining the position it has held since first publication the fifth edition of this leading practitioner text on information law has been

thoroughly re worked to provide comprehensive coverage of the Data Protection Act 2018 and the GDPR Information Rights has been cited by the Supreme Court Court of Appeal and others and is used by practitioners judges and all those who practise in the field The new edition maintains its style of succinct statements of principle supported by case law legislative provisions and statutory guidance Reflecting its enlarged scope and to maintain easy referencing the work has been arranged into two volumes The first volume is a 1 250 page commentary divided into six parts The first part is an overview and introduction to overarching principles The second part provides an authoritative treatment of the data protection regime This covers all four forms of processing general applied law enforcement and security services under the GDPR and DPA 2018 Each obligation and each right is comprehensively treated with reference to all known case law both domestic and EU including those dealing with analogous provisions in the previous data protection regime The third part provides a detailed treatment of the environmental information regime This recognises the treaty provenance of the regime and its distinct requirements The fourth part continues to provide the most thorough analysis available of the Freedom of Information Act and its Scottish counterpart As with earlier editions every tribunal and court decision has been reviewed and where required referenced The fifth part considers other sources of information rights including common law rights local government rights and subject specific statutory information access regimes eg health records court records audit information etc The final part deals with practice and procedure examining appeal and regulatory processes criminal sanctions and so forth The second volume comprises extensive annotated statutory material including the DPA 2018 the GDPR FOIA subordinate legislation international conventions and statutory guidance The law is stated as at 1st February 2020     Papers and Proceedings of the Royal Society of Tasmania Royal Society of Tasmania,1906     Resourcing an Agroecological Urbanism Chiara Tornaghi,Michiel Dehaene,2021-03-07 Foregrounding an innovative and radical perspective on food planning this book makes the case for an agroecological urbanism in which food is a key component in the reinvention of new and just social arrangements and ecological practices Building on state of the art and participatory research on farming urbanism food policy and advocacy in the field of food system transformation this book changes the way food planning has been conceptualised to date and invites the reader to fully embrace the transformative potential of an agroecological perspective Bringing in dialogue from both the rural and urban the producer and consumer this book challenges conventional approaches that see them as separate spheres whose problems can only be solved by a reconnection Instead it argues for moving away from a food in the city approach towards an urbanism perspective in which the economic and spatial processes that currently drive urbanisation will be unpacked and dissected and new strategies for changing those processes into more equal and just ones are put forward Drawing on the nascent field of urban political agroecology this text brings together i theoretical re conceptualisations of urbanism in relation to food planning and the emergence of new agrarian questions ii critical analysis of experimental methodologies and performing arts for public dialogue reflexivity and food sovereignty research iii

experiences of resourceful land management including urban land use and land tenure change and iv theoretical and practical exploration of post capitalist economics that bring consumers and producers together to make the case for an agroecological urbanism Aimed at advanced students and academics in agroecology sustainable food planning urban geography urban planning and critical food studies this book will also be of interest to professionals and activists working with food systems in both the Global North and the Global South      Parliamentary Debates India.
