Children and Youth in a New Nation James Marten, 2009 This book unearths the experiences of and attitudes about children and youth during the decades following the American Revolution Beginning with the Revolution itself the book explores a broad range of topics from the ways in which American children and youth participated in and learned from the revolt and its aftermaths to developing notions of ideal childhoods as they were imagined by new religious denominations and competing ethnic groups to the struggle by educators over how the society that came out of the Revolution could best be served by its educational systems Rooted in the historical literature and primary sources the book is a key resource in our understanding of origins of modern ideas about children and youth and the conflation of national purpose and ideas related to child development
