Acted at Athens at the Lenaean Festival, B.C. 425 Aristophanes,1930 The Acharnians. The Knights Aristophanes,1910
The Oxford Magazine ,1906 Traveling Back Susan McWilliams,2014-01-15 We live in a global age an age of vast scale
and speed an age of great technological and economic and environmental change in conditions our ancestors could hardly
have imagined What does this compression of geographical and temporal scale mean for our political thinking Do we need
new modes of political thought or a new kind of political imagination How might we begin to develop a truly global political
theory Against the common belief that we need a wholly new political theory for our global age Susan McWilliams argues
that the best foundation is already behind us and can be found by traveling back In doing this revisiting the history of
political thought with a mind to the questions accompanying globalization it becomes clear that the greatest tool for
understanding our new world lies in one of the oldest themes in Western political theory travel Since the beginnings of
Western political thought the ancient Greeks referred to travel as theoria political theorists have used images of travel to
illuminate the central questions of globalization where travel stories appear we find serious reflection about how to live in
cross cultural and interconnected political conditions Here we find attention to the contingency of political identity to
hybridity and to the threats of colonialism and imperialism We even find self critical questioning about the dangers that face
political theorists who want to think globally In Traveling Back McWilliams uncovers the rich travel story tradition of political
theorizing that speaks directly to the problems of our age She explores why this travel story tradition has been so long
neglected especially in this time when we need its wisdom and she calls for its rediscovery In order to move forward toward a
global political theory as McWilliams eloquently demonstrates we must first learn to travel back School ,1905 **The**
Schoolmasters' yearbook & (educational) directory ,1906 **British Books in Print** ,1924 List of Books Forming
the Reference Library in the Reading Room of the British Museum British Museum. Department of Printed Books,1910
