**Achievement** Debbe Kennedy,2000    Action Debbe Kennedy,2000    **Action Dialogues** Debbe Kennedy,2000 To be used as a part of Debbe Kennedy's Diversity Breakthrough Strategic Action series this is a pack of 52 glossy cards each isolating specific roadblocks that organisations commonly face when looking to launch a diversity initiative The first for example reads Our leadership team does not reflect our stated commitment to inclusion Another reads Resistance to change keeps diversity out of reach Grouped into seven areas leadership culture involvement the business strategies and measures staffing and ownership they can be passed out in groups of any size to allow participants to literally put their cards on the table about internal issues they'd rather not bring up aloud The cards can be used alone or in conjunction with the six booklets in the Strategic Action series each of which focuses on a crucial phase in what Kennedy a veteran consultant and a former manager of Equal Opportunity and human resources at IBM calls the imperfect circle of change Assessment

Acceptance Action Accountability Achievement and More Action    More Action Debbe Kennedy,2000    *Assessment*

Debbe Kennedy,2000    *Resources in Education* ,1996    The Diversity Scorecard Edward Hubbard,2012-07-26 The Diversity Scorecard is designed to provide step by step instructions worksheets and examples to help diversity executives and managers analyze and track the impact of their diversity initiatives to mobilize the organization for strategic culture change Diversity is not a program it is a systemic process of organizational change that requires measurement for organizational improvement and success Measuring the progress and results of diversity initiatives is a key strategic requirement to demonstrate its contribution to organizational performance Diversity executives professionals and managers know they must begin to show how diversity is linked to the bottom line in hard numbers or they will have difficulty maintaining funds gaining support and obtaining resources to generate progress Many organizations collect some type of diversity related data today even if it focuses only on Affirmative Action statistics The Diversity Scorecard focuses on tools and techniques to make sure diversity professionals are collecting and measuring the right type of data that will help ensure the organizations success both now and in the future This book helps the reader spend some time thinking about what they currently measure and adding new measures to a database to track progress towards their diversity vision The basic premises of this book are that it is important to develop measures that focus on the past present and future and that measures need to consider the needs of the organizations diverse workforce its work climate diverse customers the community and shareholders Part I of The Diversity Scorecard identifies the need for diversity measurement highlighting a business case for diversity and providing an introduction to diversity measurement Part II of the book outlines the diversity return on investment DROI process taking you through step by step processes and techniques Part III teaches you how to use measures in six key categories Diversity Leadership Commitment Workforce Profile Representation Workplace Climate Learning Growth Diverse Customer Community Partnerships and Financial Impact to build a diversity scorecard that is

aligned and linked with the business strategy of the organization. Finally in Part IV Dr Hubbard discusses implementation issues involving strategic change procedures and techniques to avoid the pitfalls inherent in a diversity based cultural transition process.
