Act Accessibility Manual:

ADAAG Manual Architectural and Transportation Barriers Compliance Board,2000 The Access Board has developed this manual to assist in the use of its ADA Accessibility Guidelines ADAAG for Buildings and Facilities It explains some of the basic considerations for accessible design and clarifies specific ADAAG provisions in an effort to address frequently asked questions Advisory information is provided in the form of recommendations these recommendations are optional and go beyond the minimum required by ADAAG It is important that this manual be used with a copy ADAAG since it does not address or reprint all the information contained in ADAAG **ADAAG Manual** ,1994 This resource is designed to help you not only comply with Section 504 and the Americans with Disabilities Act but to assist you in making access an integral part of your organization s planning mission programs outreach meetings budget and staffing **Fair Housing Act Design Manual** United States. Department of Housing and Urban Development. Office of Housing,Barrier Free Environments, Inc,1996 **Fair Housing Act Design Manual** U. S. Department of Housing and Urban Development,2011-08-31 The Department is pleased to present the Fair Housing Act Design Manual The manual was first published in August 1996 and was updated in 1998 This republication of the 1998 manual is intended to provide clear and helpful guidance about ways to design and construct housing that complies with the Fair Housing Act The manual provides comprehensive information about accessibility requirements which must be incorporated into the design and construction of multifamily housing covered by the Act It caiTies out two statutory responsibilities first it provides a clear statement of 1 IUD s interpretation of the accessibility requirements of the Act so that readers may know what actions on their part will provide them with a safe harbor and second it provides guidance in the form of recommendations which meet the Department s obligation to provide technical assistance on alternative accessibility approaches Readers following the revised manual can rely on it They will be in compliance with the Act s accessibility provisions if they carry them out However it should be noted that when the manual uses the terms recommended preferred should could or uses italics or text labeled as recommended the material involved is provided as a suggestion for accessibility and not a requirement under the Act In addition HUD currently recognizes six other safe harbors for compliance with the Fair Housing Act s design and construction requirements The other safe harbors are I HUD s March 6 1991 Fair Housing Accessibility Guidelines the Guidelines and the June 28 1994 Supplemental Notice to Fair lousing Accessibility Guidelines Questions and Answers about the Guidelines 2 ANSI A117 1 I96 used in conjunction with the Act and HUD s regulations and the Guidelines 3 CABO ANSI A117 1 1992 used in conjunction with the Act HUD s regulations and the Guidelines 4 ICC ANSI A117 1 1998 used in conjunction with the Act HUD s regulations and the Guidelines 5 Code Requirements for Housing Accessibility 2000 CRHA approved and published by the International Code Council ICC October 2000 6 International Building Code 2000 IBC as amended by the IBC 2001 Supplement to the International Codes It is important to note that the ANSI Al 17 1 standard contains only technical criteria whereas the Fair Housing Act the

regulations and the Guidelines contain both scoping and technical criteria Therefore in using any of the ANSI standards it is necessary to also consult the Act HUD s regulations and the Guidelines for the scoping requirements Providing an environment where persons with disabilities can have the same access to and ability to use housing that persons without disabilities enjoy is both a worthwhile goal and the law The Department is committed to helping those who develop housing to meet the requirements of the law so that we can reach the goal of providing meaningful access for people with disabilities
