Journey of Hope: Love, Marriage, and Overcoming Infertility at 40 Samantha Fitts, Ed.D., 2020-08-16 There are some women who don't have a desire to get married and have children. However, Samantha was not one of them. Many women in their late 30s and early 40s postpone marriage or childbearing to obtain their education, establish their careers, and become financially secure. Unfortunately, this sometimes leads to difficulties in finding Mr. Right or conceiving, or both. This can be an arduous and heartbreaking time of life when it seems lifelong hopes and dreams of family may not be possible. Samantha delayed marriage until the age of 36 after she'd pursued advanced degrees and established her career, not entirely by choice, since Mr. Right hadn't entered her life sooner. At times she wondered if it would ever happen. Once married, she and her husband wanted kids right away, only to suffer a miscarriage and the devastating diagnosis of infertility. In this book, Samantha shares her extraordinary journey of hope. You will discover how her faith in God and perseverance led her to the right husband and overcoming infertility to have their first baby at 40. Don't give up on your dreams, whatever they are. You still have time. Author Dr. Samantha Fitts is an educator, specialist, special education, literacy, education leadership, and adult learning professional, development presenter, and motivator. She has been in education for over twenty years. She is extremely passionate about helping others reach their professional and personal goals in life. Act Like a Lady, Do Not Think Like a Man Raymond Sturgis, 2011-12-20 REVISED EDITION Love is a beautiful gift that many people search for a lifetime to experience. However, the hardship and disappointment in relationships and marriage lead them down roads that stymie their ability to attain love. The famous comedian Steve Harvey wrote the book *ACT LIKE A LADY THINK LIKE A MAN*, and his book and movie did not prove why women should think like men. However, it revealed the obvious that when women tried to think like men, they lost their individuality and wisdom, which invigorates their quality. This book is not a direct attack on the validity of the famous comedian; however, it is Raymond Sturgis' continuation of the conversation: why should women think like a man? Moreover, women's success in education, medicine, and entrepreneurship is a valid indication that they achieve their success independent of what men think of them. Therefore, I submit to you realistic analogies of why women should *ACT LIKE A LADY* and continue to make the world respect them for their intelligence and ability to transform this world. From faith, self-esteem, and intimacy, marriages and relationships can and will be empowered by the information in this book that evokes quality reasons why women would not be thought of inferior if they continue to think like themselves.
