**Congressional Record** United States. Congress,1973    **The Reality Of Hollywood** Benjamin Schnau,2021-03-27 I want to share my story with you as I know that many people are out there who have the same dream and desire to become an

established successful actor or actress in Hollywood For all these people out there I want to make clear that this journey you might want to take by leaving your hometown city or even country won't be easy even more challenging the longer you live here This book is the reality of Hollywood the truth of what I experienced and most importantly a way of how you can go about it For every person the way might be different but the things I lived will happen to all of you in one way or another This book is not written by someone who is just at the very top of the mountain looking down praising that working hard and being persistent gets you there Although this book will take these attributes which are important but will break them down into single pieces of what needs to be done for a completely new person in Los Angeles starting from scratch and climbing up the ladder to get where they want to be It doesn't matter where you are from how you look or what language you speak I believe there is a place for everyone in Hollywood you just have to play your cards right and be true to yourself at all times
