Highlights innovative partnership practices that help create educational opportunities for students in rural schools across the United States As editors Sara L Hartman and Bob Klein acknowledge rural places have long experienced systemic inequities that decrease rural students access to education yet many rural schools and communities have found creative means to make

up for the dearth of outside resources The Middle of Somewhere brings to light a wide variety of partnerships that have been forged between K 12 schools communities and postsecondary institutions to improve educational access The book showcases

collaborations that address three different areas of need partnerships that prepare and support teacher candidates and educators who work in rural areas partnerships that extend the work of rural education networks and partnerships that

promote equity justice and inclusion within rural populations Using case studies of rural educational partnerships from communities across the United States the book s contributors share their experiences of how strong partnerships have

formed both organically and through thoughtful and intentional planning and they recommend supportive strategies for their development and sustainment The contributors also explore the many ways in which university school community

partnerships incubate solutions to challenges common to rural education systems such as access to STEM education and higher education The programs featured here may serve as replicable models for practitioners researchers and policy makers

who want to enrich the experiences of children in their schools and communities **ECAI 2016** G.A. Kaminka,M. Fox,P.

One of a series exploring the EYFS Characteristics of Effective Early Learning. Clearly links the theory underpinning active learning to effective early years practice through illustrated case studies and examples. Shows how active learning relates to the other two characteristics: playing and exploring and creativity and critical thinking by making links in every chapter to the other two books in the series. Links how children learn through active engagement to what they learn across the EYFS prime and specific areas of learning and development. This book explores how practitioners can support babies and young children's natural desires to be active in their learning. Illustrated case studies demonstrate ways to put theory into practice. Helps children to become really involved and concentrate, keep on trying when things are hard, enjoy achieving what they set out to do. **Active Learning for Infants** Debby Cryer, 1987.
