Activities Handbook For The Teaching Of Psychology Vol 4:

Handbook of the Teaching of Psychology William Buskist, Stephen F. Davis, 2008-04-15 The Handbook of the Teaching of Psychology is a state of the art volume that provides readers with comprehensive coverage and analysis of current trends and issues basic mechanics and important contextual variables related to effective teaching in psychology Uses concise and targeted chapters written by leading scholars in the field to explore a myriad of challenges in the teaching of psychology Employs a prescriptive approach to offer strategies and solutions to frequently occurring dilemmas Covers the gamut of current topics of interest to all current and future teachers of psychology

Teaching Psychology Sandra Goss Lucas, Sandra Goss-Lucas, Douglas A. Bernstein, 2004-12-13 Most new psychology instructors enter their first undergraduate classrooms with little or no formal preparation for their role as a teacher The goal of this book is to review the body of teaching research that is available as well as some of the well accepted lore so as to make the first foray into teaching psychology a positive experience Teaching Psychology outlines the major problems and issues confronting psychology teachers It presents an overview of the nuts and bolts of teaching psychology including dealing with troubled and troubling students choosing and using technology developing evaluation instruments and selecting methods for self evaluation Written by two award winning psychology professors with over 50 years of combined teaching experience the book offers a wide range of down to earth suggestions and immediately usable materials intended to help psychology teachers teach better and help students learn more The chapters are organized to roughly parallel the sequence of tasks that new psychology teachers face beginning with goal setting and ending with evaluation of one's teaching Each chapter is chockfull of helpful tools including checklists sample lecture notes writing assignments and grading criteria To make it easier to customize this material these tools are available on an accompanying CD along with a rating sheet for choosing a textbook a student grade record sheet a sample statement on academic integrity and a pool of less than perfect test items to hone item writing skills This book offers guidelines for teaching such as setting goals in line with 10 basic principles of effective teaching planning the basics including choosing a text writing a syllabus and creating a grading system setting a positive tone in the classroom providing tips on asking and answering questions promoting critical thinking and evaluating student performance Intended for psychology graduate students who are learning to teach faculty who train psychology instructors and new psychology faculty at institutions ranging from high schools to universities as well as experienced faculty wishing to hone their teaching skills

Teaching Psychology Douglas A. Bernstein, 2014-06-26 This volume provides thoroughly updated guidelines for preparing and teaching an entire course in psychology Based on best principles and effective psychological and pedagogical research it offers practical suggestions for planning a course choosing teaching methods integrating technology appropriately and effectively developing student evaluation instruments and programs and ideas for evaluation of your own teaching effectiveness While research based this book was developed to be a basic outline of what to do when you teach It is intended

as a self help guide for relatively inexperienced psychology teachers whether graduate students or new faculty but also as a core reading assignment for those who train psychology instructors Experienced faculty who wish to hone their teaching skills will find the book useful too

Favorite Activities for the Teaching of Psychology Ludy T. Benjamin, 2008 The most popular activities from Activities Handbooks for the Teaching of Psychology are gathered together and updated in this book of teacher s favourites The lesson plans which encourage active learning and involve the whole class are entertaining effective and easy to plan

Facets of an Academic's Life Michael Wertheimer, 2019-12-06 This is the life story of the oldest living member of the famous Wertheimer family beautifully narrated and richly illustrated from the author s vast stock of memorabilia and his unfailing memory It is a memoir but at the same time a document of the exodus of German speaking psychologists to the New World which left the homeland scientifically shattered This lovingly written pictorial archive of 80 years of the history of modern psychology shaped by the momentous events of WWII belongs on the shelf of every psychologist theoretical experimental and clinical as it gives us the story of how the scientific heritage in Europe and America merged to form the broad and strong disciplines now in our hands told by one of its premier historical representatives Prof em Lothar Spillmann University of Freiburg Germany
