Papanghelis,Bernhard Zimmermann,Evina Sistakou,2024-10-07 The idea of the past far from suggesting a nostalgic longing or an antiquarian curiosity for ages and cultures irrevocably lost is essential to the human perception of the world The volume at hand entitled In the Mists of Time Negotiating the Past in Ancient Literature explores pastness as expressed through myth and early history and as reflected in sophisticated concepts and epistemological questions in Ancient Greek and Latin literature The eighteen contributions illustrate how the ancients addressed the past through poetry history and philosophy and lend insight into the metaliterary self reflexive way of dealing

with past texts through scholarship      Revisiting Aristotle's Fragments António Pedro Mesquita, Simon Noriega-Olmos, Christopher John Ignatius Shields, 2020-09-07 The philosophical and philological study of Aristotle fragments and lost works has fallen somewhat into the background since the 1960 s This is regrettable considering the different and innovative directions the study of Aristotle has taken in the last decades This collection of new peer reviewed essays applies the latest developments and trends of analysis criticism and methodology to the study of Aristotle s fragments The individual essays use the fragments as tools of interpretation shed new light on different areas of Aristotle philosophy and lay bridges between Aristotle s lost and extant works The first part shows how Aristotle frames parts of his own understanding of Philosophy in his published popular work The second part deals with issues of philosophical interpretation in Aristotle s extant works which can be illuminated by fragments of his lost works The philosophical issues treated in this section range from Theology to Natural Science Psychology Politics and Poetics As a whole the book articulates a new approach to Aristotle s lost works by providing a reassessment and new methodological explorations of the fragments      *De Zoilo Aliisque Homeri Obtrectatoribus* Ulrich Friedlaender, 2018-03-16 Excerpt from *De Zoilo Aliisque Homeri Obtrectatoribus* Dissertatio Inauguralis Quam Consensu Et Auctoritate Amplissimi Philosophorum Ordinis in Alma Litterarum Universitate Albertina Regimontana Ad Summos in Philosophia Honores Rite Capessendos About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      *Homeri Ilias (Classic Reprint)* Homer Homer, 2017-10-31 Excerpt from *Homeri Ilias* Furthermore we have only one sure guide in the introduction of these older forms Etymology may tell us in general terms what is older and historically correct but it is metre alone which justifies us in introducing it into Homer It was from metre alone that Bentley found the traces of the digamma The question of the resolution of contracted syllables is purely metrical We can do nothing at all in cases where metre does not betray a change Etymology can tell us the stages through which the language has passed but it cannot pretend to reconstruct completely any given stage from one more recent And thus the date and even the existence of numerous forms which we must suppose once to have existed somewhere are for the reconstruction of the text a problem in which we are absolutely helpless There may have been infinite changes in the language which we can never know because they have left no trace in metre About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an
