Life Pope Francis, 2024-03-19 **POPE FRANCIS DEBUT MEMOIR** A moving deeply human account of the life and legacy of one of the bravest and most visionary leaders in modern history. A must read for all generations in a world yearning for hope and change. For the first time Pope Francis tells the story of his life as he looks back on the momentous world events that have changed history from his earliest years during the outbreak of World War II in 1939 to the turmoil of today. An extraordinary personal and historical journey. Life is the story of a man and a world in dramatic change. A champion for the oppressed and marginalized and the future of our planet. Pope Francis has inspired all of us to take action to alter the course of history toward a more loving and humane trajectory. With eloquence, passion, and humility, Pope Francis recalls his life through memories and observations of the most significant occurrences of the past eight decades. The book opens with three-year-old Jorge in the kitchen with his mother in Argentina as World War II breaks out and he goes on to witness several historic events: The fall of the Berlin Wall, Videla's coup in Argentina, The moon landing in 1969, And even the 1986 World Cup in which Maradona scored the unforgettable hand of God goal. Here are the frank assessments and intimate insights of a pastor reflecting on the Nazi extermination of the Jews, the atomic bombings of Hiroshima and Nagasaki, the 2001 terrorist attack on America and the collapse of the Twin Towers, the great economic recession of 2008, the Covid 19 pandemic, the retirement of Pope Benedict XVI and the subsequent conclave that elected him Pontiff. The pope callejero recounts these world-changing moments with the candor and compassion that distinguishes him and offers important messages on major crises confronting us now including social inequalities, climate change, international war, atomic weapons, racial discrimination, political unease, and the battles over social and cultural issues. An innovative change agent and a profoundly empathetic leader, the late Pope's words and vision live on in this unforgettable account of a religious and humanitarian legend. We must learn from our elders what our planet has experienced so as not to repeat the mistakes of the past.

**Hope** Pope Francis, Jorge Mario Bergoglio, 2025-01-14. Pope Francis originally intended this exceptional book to appear only after his death, but the needs of our times and the 2025 Jubilee Year of Hope have moved him to make this precious legacy available now. Hope is the first autobiography in history ever to be published by a Pope. Written over six years, this complete autobiography starts in the early years of the twentieth century with Pope Francis's Italian roots and his ancestors' courageous migration to Latin America, continuing through his childhood, the enthusiasms and preoccupations of his youth, his vocation, adult life, and the whole of his papacy up to the present day. In recounting his memories with intimate narrative force, not forgetting his own personal passions, Pope Francis deals unsparingly with some of the crucial moments of his papacy and writes candidly, fearlessly, and prophetically about some of the most important and controversial questions of our present times: war and peace, including the conflicts in Ukraine and the Middle East; migration, environmental crisis, social policy, the position of women, sexuality, technological developments, the future of the Church and of religion in general. Hope includes a

wealth of revelations anecdotes and illuminating thoughts It is a thrilling and very human memoir moving and sometimes funny which represents the story of a life and at the same time a touching moral and spiritual testament that will fascinate readers throughout the world and will be Pope Francis's legacy of hope for future generations The book is enhanced by remarkable photographs including private and unpublished material made personally available by Pope Francis himself

**Pope Francis** Sergio Rubin, Pope Francis, Francesca Ambrogetti, 2013. Cardinal Jorge Bergoglio was chosen as the next Pope in one of the shortest conclaves in history. He is the first Pope Francis, the first Jesuit Pope, the first Pope to come from Latin America. Who is this man and how did he come to such high position? This book begins with the arrival of Bergoglio's family in Buenos Aires in 1929, travelling from Italy. It explores his childhood as one of a family of five, his first job as a factory cleaner and the bout of pneumonia which forced him to reassess his life completely. Then from his early days as a seminarian through his experience as a teacher of psychology and literature, through to his consecration as a cardinal by Pope John Paul II, Bergoglio shares his experiences of faith and life. The difficult subjects are met head on, from the declining numbers of priests to celibacy and even the sex abuse scandals that have rocked the church and through it all, Bergoglio's humble approach and desire to live an austere and faithful life shine through. This is a Pope who will not allow himself to be fitted to a traditional mould and the world waits with bated breath to see what his time as leader of the world's largest church will bring.

*Open to God: Open to the World* Pope Francis, Antonio Spadaro, 2018-07-26. Pope Francis's impact on the modern world has already proved extraordinary. It is no surprise that he was voted Time magazine's Person of the Year in 2013, joining the likes of Martin Luther King 1964 and President John F. Kennedy 1961. Francis has turned the Catholic Church upside down, flung open the windows of the Vatican and started to purge the church of corruption, nepotism and financial skulduggery. But above all he is engaged with the poor, the starving and the marginalised. He has made important visits to troubled spots in the world and invariably people say his appearances change everything. Pope Francis is in constant dialogue with the outside world and with the universal Catholic Church. He likes being asked questions, finding it easy to respond and maintains a good relationship with the press. In this new book are some of his most valuable engagements in dialogue form with people of all sorts and kinds. On the one hand there is his recent engagement with priests in Colombia who are locked in a struggle for human rights. In another lengthy piece he talks about the importance of scripture in a way which shows how this is a living source of inspiration. Also included are the texts of the Pope's most recent addresses in Myanmar, Peru and Chile. *Open to God: Open to the World* offers a fascinating glimpse into the mind and workings of this entirely different Pope. As we see in these conversations the Franciscan revolution is under way and in spite of Francis's critics the revolution will roll on and new horizons will be opened for the one and a half billion Catholics in the world today.
