Allah Bir Merry Christmas Turkish:

Depicting the Late Ottoman Empire in Turkish Autobiographies Philipp Wirtz, 2017-03-16 The period between the 1880s and the 1920s was a time of momentous changes in the Ottoman Empire. It was also an age of literary experiments of which autobiography forms a part. This book analyses Turkish autobiographical narratives describing the part of their authors' lives that was spent while the Ottoman Empire still existed. The texts studied in this book were written in the cultural context of the Turkish Republic which went to great lengths to disassociate itself from the empire and its legacy. This process has only been criticised and partially reversed in very recent times, the resurging interest in autobiographical texts dealing with the old days by the Turkish reading public being part of a wider renewed regard for Ottoman legacies. Among the analysed texts are autobiographies by writers, journalists, soldiers and politicians including classics like Halide Edip Adıvar and evket Sıreyya Aydemir but also texts by authors virtually unknown to Western readers such as Ahmed Emin Yalman. While the official Turkish republican discourse went towards a dismissal of the imperial past, autobiographical narratives offer a more balanced picture. From the earliest memories and personal origins of the authors to the conflict and violence that overshadowed private lives in the last years of the Ottoman Empire, this book aims at showing examples of how the authors painted what one of them called images of a past world.

The Recovery of Palestine, 1917 Stanley Weintraub, 2017-03-07

By mid 1917 with the world war going badly on all fronts and casualties burgeoning, Prime Minister David Lloyd George met with General Edmund Allenby fresh from France. Lloyd George wanted Jerusalem for Christmas as a holiday present for the increasingly disillusioned British people. Its seizure would also eliminate the Ottomans who had inflicted the dismaying disaster at the Dardanelles as a factor in the war. As Allenby departed the PM handed him George Adam Smith's *Historical Geography of the Holy Land* remarking that it was a better guide to reaching Jerusalem than anything in the pigeon holes of the War Office. Having been raised on the Bible, Allenby as this narrative illustrates did indeed exploit it. He would also have unanticipated expertise from an unknown and unmilitary officer, T. E. Lawrence, who turned his Arabian sideshow into campaigns distracting the Turks and their German military leadership. The desert war would be hard fought but that December after centuries in Muslim hands and with its sacred sites intact, Jerusalem fell.
