### **Allah Is A Deceiver A True Story Volume 3:**

*Snakes, People, and Spirits, Volume One* Robert Hazel, 2019-11-05 This two volume publication offers an in depth analysis of ophidian symbolism in Eastern Africa while setting the topic within its regional and historical context namely with regards to the rest of Africa ancient Egypt and Mesopotamia the Greek world ancient Palestine Arabia India and medieval and pre Christian Europe Through the ages most of those areas have connected with Eastern Africa in a broad sense where ophidian symbolism was as rampant and far reaching if not more so as anywhere else on the continent and perhaps in past civilisations Much as in the wider context snakes were held to be long lived closely related to holes caverns trees and water life and death and credited with a liking for milk Even though ophidian symbolism has always been developed out of the outstanding biological and ethological features of snakes the process of symbolisation which plays a crucial role in the elaboration of cultural systems and the shaping of human experience was inevitably at work This first volume deals with snakes as a zoological category snake symbolism as perceived by encyclopaedists and psychologists and ophidian symbolism as it occurred in ancient civilisations It explores the traditional African scene in general with a view to set the scene for a more proximate baseline for comparison The divide between animals and humans was porous and snakes had a more or less equal footing in both the animal realm and the spiritual world Key features of snake symbolism in traditional Eastern Africa are then examined in detail especially phantasmagorical snakes the rainbow serpent snake totems and snake related witches and ritual leaders among others In Eastern Africa the meanings attributed to snakes were multifaceted and paradoxical Overall the two volumes of this publication show that African snake symbolism broadly echoed the diverse representations of ancient civilisations The widely acknowledged assimilation of snakes to death and Evil is therefore unrepresentative both historically and culturally

*Islam* Uche Ephraim Chuku, 2007-05 As the third of Yahweh Allah s personal religious regiments Islam inherited a lack of knowledge of falsehood and all the phony legacies of Judaism and Christianity This has led to the spiritual enslavement of Muslims In this controversial religious treatise author Uche E Chuku argues that Muslims have not only voluntarily surrendered to the enslaving will of Yahweh Allah but also find special pride in eternal spiritual enslavement They believe that being a slave of Allah is the proudest rank the Muslim can claim Islam Total Blind Surrender to the Will of the Antichrist Religion without Reason Book 4 informs and calls Muslims attention to the gospel truth Muhammad was a captive not a voluntary slave of Allah Chuku also contends that since Yahweh offers nothing but divine enslavement to his Muslim victims his will contradicts humankind s collective quest for total physical and spiritual liberation and directly opposes the will of the true God our heavenly Father Chuku shows how voluntary surrender to divine enslavement is the worst kind of spiritual serfdom unprecedented in the history of human religion and reminds Muslims that they can safely say no to divine enslavement today
