Poland used the crisis to contest their roles in the European Union EU and how each country and the V4 as a group subsequently used their new contested roles in the bargaining process within the EU structures In doing so Kozub Karkut demonstrates how international negotiations might be used by the chief negotiators as a way of triggering contestation and enhancing their position at the domestic level as well as how role contestation processes from the domestic level might be used at the international one Two Level Role Theory and EU Migration is an excellent resource for scholars and students of Foreign Policy Analysis International Relations Theory European Studies and Migrations Studies Chapter 3 and 7 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license Towson University Journal of International Affairs ,2001
