**Complications** Claude Lefort,2007 Complications Communism and the Dilemmas of Democracy together the central concerns of the work of Claude Lefort over the past half century A pivotal figure in French thought Lefort studied under Maurice Merleau Ponty cofounded with Cornelius Castoriadis the influential journal Socialisme ou Barbarie and famously engaged in a heated debate with Jean Paul Sartre over the Soviet Union and Communist parties in the West He has influenced generations of political thinkers and throughout his career has offered invaluable leftist non communist critiques of both liberalism and Communism It is the prevailing belief that the death of communism was a victory for liberal democracy In Complications however Lefort challenges this interpretation and provides new ways of understanding the rise and fall of the Soviet Union and the Communist phenomenon Lefort engages the work of prominent historians Martin Malia and Francois Furet and shows how their emphasis on illusion and ideology led to their failure to understand the logic and workings of the Communist Party and its impact on Soviet society and the reasons why so many in the West had Communist sympathies He also maintains that those who regard the end of Communism as the triumph of markets and freedom restrict the scope of democratic thought and the possibility of greater social equality Lefort contends that Communism must be seen as part of a larger history of modernity and believes that the diagnosis of its death is dangerous to the future of democracy In the tradition of Hannah Arendt and Raymond Aron Lefort complicates the pieties of historical understanding and offers a new approach to thinking about totalitarianism and a more vital democracy *Reflections on the Gulag* Elena

Dundovich,Francesca Gori,Emanuela Guercetti,2003 *Sex, France, and Arab Men, 1962-1979* Todd Shepard,2018-01-08

The aftermath of Algeria's revolutionary war for independence coincided with the sexual revolution in France and in this book Todd Shepard argues that these two movements are inextricably linked Sex France and Arab Men is a history of how and why from the upheavals of French Algeria in 1962 through the 1970s highly sexualized claims about Arabs were omnipresent in important public French discussions both those that dealt with sex and those that spoke of Arabs Shepard explores how the so called sexual revolution took shape in a France profoundly influenced by the ongoing effects of the Algerian revolution Shepard's analysis of both events alongside one another provides a frame that renders visible the ways that the fight for sexual liberation usually explained as an American and European invention developed out of the worldwide anticolonial movement of the mid twentieth century *Soviet Dissident Literature, a Critical Guide* Josephine Woll,Vladimir G.
