i.e. as financial performance by developing a multiple attribute decision making model to deploy CSR resources analysing how CSR contributes to the management of systematic risk as part of an internationalisation strategy and showing how philanthropy is used as a legitimisation tool. The authors then review how managers negotiate CSR priorities within their organisational strategy by accounting for the utility gained by family firms from ecological and social outcomes in comparison with profit outcomes analysing the trade offs of co-constructing a sustainability innovation and weighting factors in water planning. They also review how employees are central to the delivery of CSR actions by exploring how green organisational culture affects organisational citizenship behaviour how organisational green practices impact an organisation's image and its customers' environmental consciousness and behavioural intentions and how organisational CSR affects employee pro-environmental citizenship and tourists' pro-environmental citizenship. The book concludes by reviewing the role of consumers in CSR with ten strategies to close the consumers' attitude-behaviour gap and an account of how customers' trust is a mediator between CSR image and loyalty.
