**Catalog of Printed Books. Supplement** Bancroft Library,    [Flight from Chile](#) Thomas Wright,Rody Oñate,2023-08-15 2023 marks the fiftieth anniversary of General Pinochet s coup on September 11 1973 During the wave of mass arrests torture and executions that followed people began fleeing Chile Over the next fifteen years some two hundred thousand Chileans sought exile in countries around the world Out of their anguish and anger come these moving and powerful testimonies of their fractured lives the first oral history of the Chilean diaspora now revised and updated Many who fled had been tortured and they clung to the principle that the dictatorship was an evil that had to be destroyed But their zeal and solidarity with other refugees often failed to sustain families Many marriages collapsed and children lost interest in their native land and culture After civilian rule returned in 1990 many returning exiles felt estranged from a homeland forever changed This timely update of the 1998 collection continues to remind us of the fracturing legacy and enduring oppression of usurpation and authoritarian rule long after its time has passed    **Catalog of Printed Books** Bancroft Library,1969    A

**Catalog of Books Represented by Library of Congress Printed Cards Issued to July 31, 1942** ,1942    [Global 1968](#) A. James McAdams,Anthony P. Monta,2021-06-01 Global 1968 is a unique study of the similarities and differences in the 1968 cultural revolutions in Europe and Latin America The late 1960s was a time of revolutionary ferment throughout the world Yet so much was in flux during these years that it is often difficult to make sense of the period In this volume distinguished historians filmmakers musicologists literary scholars and novelists address this challenge by exploring a specific issue the extent to which the period that we associate with the year 1968 constituted a cultural revolution They approach this topic by

comparing the different manifestations of this transformational era in Europe and Latin America. The contributors show in vivid detail how new social mores innovative forms of artistic expression and cultural religious and political resistance were debated and tested on both sides of the Atlantic. In some cases the desire to confront traditional beliefs and conventions had been percolating under the surface for years. Yet they also find that the impulse to overturn the status quo was fueled by the interplay of a host of factors that converged at the end of the 1960s and accelerated the transition from one generation to the next. These factors included new thinking about education and work dramatic changes in the self presentation of the Roman Catholic Church government repression in both the Soviet Bloc and Latin America and universal disillusionment with the United States. The contributors demonstrate that the short and long term effects of the cultural revolution of 1968 varied from country to country but the period's defining legacy was a lasting shift in values beliefs lifestyles and artistic sensibilities.
