The Scott Foresman Handbook, MLA Update 2003 Maxine Hairston, John Ruszkiewicz, Christy Friend, 2004 Since the best selling first edition, The Scott Foresman Handbook has proven again and again that a comprehensive handbook can be easy, practical, even fun to use. Each new edition has provided complete up to date material on writing processes, argumentation style, grammar, mechanics, and punctuation in friendly and accessible language. Yet new ground has been broken as the authors have anticipated new developments in writing, influenced by new theories and new technologies. Earlier editions have led the field in addressing civic literacy, visual literacy, online research, service learning, and other emerging trends. As a result of this forward looking philosophy, writers using The Scott Foresman Handbook know what college writing means today and what writers will need to know tomorrow.
