## **A Place In The Sun Haiti Haitians And The Remaking Of Quebec:**

**A Place in the Sun** Sean Mills, 2016-02-16 A richly drawn portrait of Haiti in Quebec of Quebec through Haiti and the ways in which migrants transform societies      **Out To Defend Ourselves** Maxime Aurélien, Ted

Rutland, 2023-05-27T00:00:00Z This first critical history of a street gang in a Canadian city is a result of a four year collaboration between a university professor Ted Rutland and the leader of les B langers Maxime Aur lien Out to Defend Ourselves tells the story of Montreal s first Haitian street gang les B langers It traces how the gang emerged from a group of Haitian friends the children of migrants from Haiti in the 1970s It documents the forms of racial violence they experienced and their battles against them It also documents the everyday lives of the gang members the petty crime some members engaged in to make ends meet and how the police actions against the gang changed its nature and function making it finally a more criminally oriented and violent formation It is a story about a gang but it is also a story of young Haitians making their lives in 1970s and 80s Montreal and a story about Montreal in a period of great change      *The Quebec Connection*

Julie-Françoise Tolliver, 2020-12-03 From the 1950s to the 1970s the idea of independence inspired radical changes across the French speaking world In *The Quebec Connection* Julie Fran oise Tolliver examines the links and parallels that writers from Quebec the Caribbean and Africa imagined to unite that world illuminating the tropes they used to articulate solidarities across the race and class differences that marked their experience Tolliver argues that the French tongue both enabled and delimited connections between these writers restricting their potential with the language s own imperial history The literary map that emerges demonstrates the plurality of French language literatures going beyond the concept of a single unitary francophone literature to appreciate the profuse range of imaginaries connected by solidary texts that hoped for transformative independence Importantly the book expands the francophone framework by connecting African and Caribbean literatures to Qu b cois literature attending to their interactions while recognizing their particularities *The Quebec Connection* s analysis of transnational francophone solidarities radically alters the field of francophone studies by redressing the racial logic that isolates the northern province from what has come to be called the postcolonial world      **Left, Right**

Engler Yves Engler, 2019-10-15 The left is supposed to be opposed to colonialism and at least skeptical of nationalism However *Left Right* shows that for decades now this hasn t been the case in Canada Yves Engler marshals damning detail on the long surprising history of support from the New Democratic Party and labor unions for such policies and international interventions as the coup in Haiti the assassination of Patrice Lumumba the Bay of Pigs invasion the Korean War and much more The rhetoric of the mainstream left he shows has also tended to concede major points to the dominant war mongering ideology with prominent commentators such as Linda McQuaig and Stephen Lewis echoing the terminology of right wing politicians and thinkers More than simply diagnosing a problem however *Left Right* offers a path forward laying out ways to get us working for an ecologically sound peace promoting and non exploitative foreign policy      *Edwidge Danticat* Clitandre

T. Nadège, 2018-11-14 Haitian American writer Edwidge Danticat is one of the most recognized writers today Her debut novel *Breath Eyes Memory* was an Oprah Book Club selection and works such as *Krik Krak* and *Brother I m Dying* have earned her a MacArthur genius grant and National Book Award nominations Yet despite international acclaim and the relevance of her writings to postcolonial feminist Caribbean African diaspora Haitian literary and global studies Danticat s work has not been the subject of a full length interpretive literary analysis until now In Edwidge Danticat *The Haitian Diasporic Imaginary* Nad ge T Clitandre offers a comprehensive analysis of Danticat s exploration of the dialogic relationship between nation and diaspora Clitandre argues that Danticat moving between novels short stories and essays articulates a diasporic consciousness that acts as a form of social political and cultural transformation at the local and global level Using the echo trope to approach Danticat s narratives and subjects Clitandre effectively navigates between the reality of diaspora and imaginative opportunities that diasporas produce Ultimately Clitandre calls for a reconstitution of nation through a diasporic imaginary that informs the way people who have experienced displacement view the world and imagine a more diverse interconnected and just future

**Expo 67 and Its World** Craig Moyes, Steven Palmer, 2022-06-15 In 1967 Montreal hosted *Man and His World* *Terre des hommes* By far the most successful cultural event ever produced in Canada it was embraced by the public at the same time as intellectuals from Marshall McLuhan to Umberto Eco hailed it as a new type of exhibition for a new global age Because it was held where and when it was on a man made archipelago in the St Lawrence River seven years into Quebec s Quiet Revolution Expo 67 also provided a prism through which the idea of the nation could be refracted and recast in original ways Misunderstood by some scholars as an expensive exercise in official patriotism while maligned by Quebec intellectuals as a crypto federalist distraction from the real business of national independence the fair nevertheless showcased Montreal as the de facto capital of a suddenly modern Quebec engaging with a late modern world Expo 67 and *Its World* proposes a reappraisal of the 1967 Montreal International and Universal Exhibition across a range of political social and cultural spaces from the dispossession of Indigenous Peoples and what was then known as the Third World through the aspirations of Montreal Quebec and Canada to the increasingly global ambit of youth culture medicine film and finance A new approach to understanding Expo 67 the collection challenges assumptions about the significance of the event to Canadian Qu b cois and First Nations history

**It's Nation Time** Jerry White, 2024-10-01 Speaking at the Congress of African People in September 1970 Amiri Baraka said In Newark when we greet each other on the streets we say what time is it We always say It s nation time Nationalism is about land and nation a way of life trying to free itself National identity and nationhood are too often easily dismissed as retrograde populism or racist exclusion Instead they need to be understood as a key part of a vision of globalization that holds the imperatives of diversity and solidarity in a delicate balance Jerry White offers a defence of the nation based on the assumption that struggles for national identity have often unfolded in ways that should be familiar to those who defend the political standpoint of the progressive left Having evolved into

something that a wide variety of actors have sought to defend nations can also serve as a defence against the homogenizing forces of globalization and as havens of diversity in opposition to more singularly minded forms of affiliation It s Nation Time is structured as a series of specific case studies that speak to theories of nation and their historical and cultural manifestations It includes examples as varied as Black nationalism Simone Weil s hopes for a postwar France the first independence period of Georgia the Bollywood cinema of Nehru era India and small or stateless nations such as New Zealand Quebec Ireland Catalonia the M tis the Mohawk and the Inuit to argue that nationalism is a social form that has much potential and life in it Broadly internationalist but also deeply insightful about the particular cultures and politics of small nations It s Nation Time defends an idea of nation and a form of nationalism that are rooted in the potential for diversity flexibility and progressive politics

**Dominion of Race** Laura Madokoro, Francine McKenzie, David Meren, 2017-06-09 How has race shaped Canada s international encounters and its role in the world How have the actions of politicians diplomats citizens and nongovernmental organizations reflected and reinforced racial power structures in Canada In this book leading scholars grapple with these complex questions destabilizing conventional understandings of Canada in the world Dominion of Race exposes how race thinking has informed priorities and policies positioned Canada in the international community and contributed to a global order rooted in racial beliefs While the contributors reconsider familiar topics including the Paris Peace Conference and Canada s involvement with the United Nations they enlarge the scope of Canada s international history by subject geography and methodology By demonstrating that race is a fundamental component of Canada and its international history this important book calls for reengagement with the histories of those marginalized in or excluded from the historical record

*Une place au soleil* Sean Mills, 2016

The Empire Within Sean Mills, 2010-03-26 In a brilliant history of a turbulent time and place Mills pulls back the curtain on the decade s activists and intellectuals showing their engagement both with each other and with people from around the world He demonstrates how activists of different backgrounds and with different political aims drew on ideas of decolonization to rethink the meanings attached to the politics of sex race and class and to imagine themselves as part of a broad transnational movement of anti colonial and anti imperialist resistance The temporary unity forged around ideas of decolonization came undone in the 1970s however as many

were forced to come to terms with the contradictions and ambiguities of applying ideas of decolonization in Quebec From linguistic debates to labour unions and from the political activities of citizens in the city's poorest neighbourhoods to its Caribbean intellectuals *The Empire Within* is a political tour of Montreal that reconsiders the meaning and legacy of the city's dissident traditions It is also a fascinating chapter in the history of postcolonial thought *Rocks in the Water, Rocks in the Sun* Vilmond Joegodson Déralciné, Paul Jackson, 2015-03-01 When Joegodson Déralciné was still a small child his parents left rural Haiti to resettle in the rapidly growing zones of Port au Prince As his family entered the city in 1986 Duvalier and his dictatorship exited Haitians once terrorized under Duvalier's reign were liberated and emboldened to believe that they could take control of their lives But how Joining hundreds of thousands of other peasants trying to adjust to urban life Joegodson and his family sought work and a means of survival But all they found was low waged assembly plant jobs of the sort to which the repressive Duvalier regime had opened Haiti's doors the combination of flexible capital and cheap labour too attractive to multinational manufacturers to be overlooked With the death of his mother Joegodson was placed in his uncle's care and so began a childhood of starvation endless labour and abuse In honest reflective prose Joegodson now a father himself allows us to walk in the ditches of Cit Soleil to hide from the macoutes under the bed to feel the ache of an empty stomach But most importantly he provides an account of life in Haiti from a perspective that is rarely heard Free of sentimentality and hackneyed clichés his narrative explores the spirituality of Vodou Catholicism and Protestantism describes the harrowing day of the 2010 earthquake and its aftermath and illustrates the inner workings of MINUSTAH Written with Canadian historian Paul Jackson Joegodson telling his story in Creole Jackson translating the two of them then reviewing and reworking the memoir is a true collaboration the struggle of two people from different lands and vastly different circumstances to arrive at a place of mutual understanding In the process they have given us an unforgettable account of a country determined to survive and on its own terms *Statesman of the Piano* Sean Mills, Eric Fillion, Désirée Rochat, 2023-09-01 Ontario born jazz pianist Lou Hooper 1894-1977 began his professional career in Detroit accompanying blues singers such as Ma Rainey at the legendary Koppin Theatre In 1921 he moved to Harlem performing alongside Paul Robeson and recording extensively in and around Tin Pan Alley before moving to Montreal in the 1930s Prolific and influential Hooper was an early teacher of Oscar Peterson and deeply involved in the jazz community in Montreal When the Second World War broke out he joined the Canadian Armed Forces and entertained the troops in Europe Near the end of his life Hooper came to prominence for his exceptional career and place in the history of jazz inspiring an autobiography that was never published *Statesman of the Piano* makes this document widely available for the first time and includes photographs concert programs lyrics and other documents to reconstruct his life and times Historians archivists musicians and cultural critics provide annotations and commentary examining some of the themes that emerge from Hooper's writing and music *Statesman of the Piano* sparks new conversations about Hooper's legacy while shedding light on the cross border

travels and wartime experiences of Black musicians the politics of archiving and curating and the connections between race and music in the twentieth century
