**A Question of Class** Duane Carr,1996 Rednecks have long been subjects of scorn and ridicule especially in the South because of an antebellum caste and class system parts of which persist to this day In A Question of Class Carr probes the historical and sociological reasons for the descent of rednecks into poverty their inability to rise above it and their continuing subjugation to a stereotype developed by others and too often accepted by themselves Carr also records the progress in southern fiction of this negative stereotype from antebellum writers who saw rednecks as threats to the social order to post Civil War writers who lamented the lost potential of these people and urged sympathy and understanding to modern writers who reverted in some sense to Old South attitudes and finally to contemporary writers who point toward a more democratic acceptance of this much maligned group
