A Reflexive Foundation For Human Science Chris Mortimer:

A Reflexive Foundation for Human Science Chris Mortimer, 2011-05-26 We cannot observe us being us in the external world We can only be us Physicalism suspended a reflexive foundation for human science is a reproducible reconstruction of what we observe reflexively of what we experience ourselves to be when we experience ourselves occurring The reflexive reconstruction generates the concept of unitary mechanism and the minimal and encompassing definitions of human being It generates the clarified awareness of the significance in science of the concept of value and of the way the difference grounds make works In self application the reflexive reconstruction is a basis for being scientifically It is a useful and stabilizing ground and therapy

A Guide to Reflexive Therapy Chris Mortimer, 2013-08-13 Reflexive therapy addresses reflexive need using reflexive narrative developed in reflexive human science Reflexive need refers to the disposition in the being processes of human beings to question about existence And it refers to the need for effective self relating in the self regulation of being processes in one s being a being process The two are interlinked Reflexive human science generates reflexive narrative using knowledge of what we experience our being process to be when we experience ourselves occurring The guide to reflexive therapy guides the reader through reflexive human science and into its application in therapy
