Bina,2013-02-13 A Prelude to the Foundation of Political Economy is a groundbreaking volume of theory and strategy on political economy and polity of the twenty first century Distilled in concrete terms it elucidates the enigma of oil in view of the centrality of global social relations *Prelude to Political Economy* Kaushik Basu,2000 This volume aims to understand why some economies succeed and some fail and why some communities prosper while others stagnate so economics must be seen as embedded in politics and society It is a study of this embeddedness *Globalization and the Decline of American Power* Cyrus Bina,2022-11-23 This book explores America's decline as a global power arguing that the implosion of Pax Americana was initiated by the process of globalization preceding the collapse of the Soviet Union by nearly a decade The era of Pax Americana and with it American hegemony is conclusively passed and will not return in current global conditions There is a stark contrast between the present epoch and the postwar era of American hegemony 1945 1979 in which the United States at least outside of the Soviet sphere of influence largely managed the international economy and reigned over international politics and relations Drawing on both theoretical and empirical evidence this book shows that the era of globalization unleashed forces social political and economic which broke down the status quo of American hegemony Author Cyrus Bina also establishes that since the Iranian Revolution 1979 US involvement throughout the Middle East in Iraq Afghanistan Libya Syria Yemen and now notably in Ukraine has been motivated by the freefall of American hegemony and an attempt to get it back by direct or indirect military force Bina utilizes these contexts for wider analysis and critique of a number of theories commonly used to analyze economy polity geopolitical and dynamics of crisis and social change in capitalism This book will be of great interest to students academics and policymakers on subjects of Economics International Relations Global Studies International Political Economy Political Geography Sociology and postwar History *Exploring the Political Economy and Social Philosophy of Vincent and Elinor Ostrom* Peter J. Boettke, Bobbi Herzberg, Brian Kogelmann, 2020-06-26 This definitive book examines and engages with the work of Vincent and Elinor Ostrom along with the Bloomington School of Political Economy more generally The contributors emphasize the continuing relevance of the Ostroms work on collective action self governance and institutional diversity for interdisciplinary research in the social sciences and humanities This book's wide array of topics and approaches will be a valuable resource to readers in a variety of fields including political science economics philosophy sociology public administration environmental studies and political economy *Essays in Political Economy* Thomas Edward Cliffe Leslie,1888 *Capital, a critique of political economy* Karl Marx,1906 *On Political Economists and Political Economy*

Professor Geoffrey Harcourt, 2013-10-08 Included in this volume are papers which are recognized as some of the foundations of post Keynesian Economics analysing problems set in historical time and starting from real world observations The book reflects Geoff Harcourt's contribution to economic debate over more than three decades It also includes intellectual biographies of some of the most prominent and leading unorthodox economists such as Kenneth Boulding Eric Russell and Lorie Tarshis
