**Baccalaureate and Other Sermons and Addresses** Edward Allen Tanner, 1892

**Baccalaureate Sermons** Robert Gracey Ferguson, 1919 The Oldest Rule Christopher B. Gilbert, 2014-12-05 This book could save you 1 million OK maybe not but some school districts have spent that much defending themselves and not always successfully in First Amendment lawsuits brought by students and their parents First Amendment litigation is on the

rise across the nation and as any principal who has sat through a deposition in one of those cases can tell you the raw emotions and zealous anger that fuels such disputes can become a massive distraction from your real job of running a school. The Oldest Rule is a comprehensive examination of the different First Amendment issues involving students that public school administrators and attorneys are increasingly facing on a daily basis. We will look at such topics as school prayer, dress codes, student threats and cyberbullying, the distribution of literature, the use of public facilities by outside groups, the celebration of religious holidays and the rise of esoteric religions and their impact in the public schools. Written by Chris Gilbert, an attorney with over twenty-one years' experience advising and representing school districts, big and small, urban and rural, this book combines discussions of the legal standards and key case decisions with practical advice and hypotheticals.

Intended for educators, school board members, interested attorneys and taxpayers, the ninth edition explains what the law is and what the implications are for effective school operations. It is designed to help professional educators avoid expensive and time-consuming lawsuits by taking effective preventive action. It is an especially valuable resource for school law courses and staff development sessions. The ninth edition begins with a review of the legal structure of the Texas school system, incorporating recent innovative features such as charter schools and districts of innovation. Successive chapters address attendance, the instructional program, service to students with special needs, the rights of public school employees, the role of religion, student discipline, governmental transparency, privacy, parent rights and the parameters of legal liability for schools and school personnel. The book includes discussion of major federal legislation such as the Individuals with Disabilities Education Act, the Family Educational Rights and Privacy Act, Section 504 of the Rehabilitation Act of 1973 and the Every Student Succeeds Act. On the state level, the book incorporates new laws pertaining to cyberbullying and inappropriate relationships between students and employees.
