*Contemporary Issues in Science & Christian Faith* American Scientific Affiliation,1992     **The Reciprocating Self** Jack O. Balswick,Pamela Ebstyne King,Kevin S. Reimer,2005-04-28 On the basis of a theologically grounded understanding of the nature of persons and the self Jack O Balswick Pamela Ebstyne King and Kevin S Reimer present a model of human development that ranges across all of life s stages infancy childhood adolescence young adulthood middle adulthood elder adulthood They do this by drawing on a biblical model of relationality where the created goal or purpose of human development is to become a reciprocating self fully and securely related to others and to God Along the way they provide a context for understanding individual development issues concerns tensions worries or crises encountered by the self in the context of change Awareness of these issues is most pronounced at developmental transitional points learning to talk and walk beginning to eat unassisted going to school developing secondary sexual physical features leaving home obtaining full time employment becoming engaged and then married having a child for the first time parenting an adolescent watching children move away from home retiring experiencing decline in physical and mental health and finally facing imminent death Throughout Balswick King and Reimer contend that since God has created human beings for relationship to be a self in reciprocating relationships is of major importance in negotiating these developmental issues Critically engaging social science research and theory The Reciprocating Self offers an integrated approach that provides insight helpful to college and seminary students as well as those serving in the helping professions Those preparing for or currently engaged in Christian ministry will be especially rewarded by the in depth discussion of the implications for moral and faith development nurtured in the context of the life of the church     **The Two-paycheck Marriage** Jack O. White,Sherry K. White,2014-06-25 You can improve your marriage by following God s ways not the ways of this world Popular approaches to marriage in both the world and the church are seriously flawed and cannot be fixed Such approaches are based on a rigid view with everything supposedly known If everything is known and rigid there would be no need for the Holy Spirit in marriage But marriage is one of the great mysteries of God and his mysteries are revealed only by his Spirit This book explains how a husband and wife can involve the Spirit in their marriage to improve it Under the guidance of the Spirit they can bring forth Christ in the marriage and fulfill destiny The Spirit pours grace into a marriage to strengthen and sustain the relationship This book explains how a married couple can be sensitive and responsive to these rhythms of grace A married couple will face many challenges through life on the path to maturity They need to be empowered by faith and through the Spirit to overcome obstacles This book explains how to develop a spiritual relationship and resolve marital issues A spiritual relationship will sustain love and intimacy As a married couple faces inevitable changes they can rely on a marriage covenant to respond appropriately to marital issues The marriage covenant brings depth and freedom to the relationship when it is applied under the guidance of

the Spirit With the marriage covenant both the husband and wife can expect freedom abundance and fulfillment
