

MARK SCHEME for the October/November 2013 series

4024 MATHEMATICS (SYLLABUS D)

4024/22

Paper 2, maximum raw mark 100

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge will not enter into discussions about these mark schemes.

Cambridge is publishing the mark schemes for the October/November 2013 series for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level components and some Ordinary Level components.

Why States Recover Greg Mills, 2014 State failure takes many forms Somalia offers one extreme A collapse of central authority as the outcome of a prolonged civil war where authority descends into competing factions warlords around the spoils of local commerce power and international aid At the other end of the scale is Malawi under President Bingu During his abbreviated second term in office the country's economy collapsed as a result of poor policies and personalised politics On the surface save the petrol queues it was stable underneath the polity was fractured and the economy broken Between these two extremes of state failure are all manner of examples This book uses field work based case studies of more than thirty

countries incorporating interviews with a dozen leaders to disaggregate various state failures and identify instances of recovery from Latin America Asia and Africa including Afghanistan Congo Sierra Leone Kosovo Somalia and Somaliland Venezuela and Zimbabwe while focusing on a key question How do countries recover and what roles are there for insiders and outsiders *Comprehensive Dissertation Index, 1861-1972: Chemistry Xerox University Microfilms, 1973* Global Governance of Intellectual Property in the 21st Century Mark Perry, 2016-05-24 This book analyses the governance foundations of innovation brands inventions secrets and expression which are the keys to a century based on knowledge They are reflected in legal rights that have been fermenting over centuries of national policy deliberations on intellectual property rights constantly in flux in the face of new advances in science but overall a trend towards greater protectionism As countries are challenged by the strictures of international agreements often extorted through imbalanced power relationships they seek their own national means for beneficial differentiation from the new global norms whilst complying with international obligations This book deals with the outcomes of regional governance of intellectual property which often creates ripples in the search for harmony in the laws that form the basis for the future of intellectual property The work has contributions that come from developing and developed nations showing a common theme of the struggle to find the balance in an area of law that often does not provide clearcut solutions to real world environments There are many intellectual property struggles illustrated in this work patent at the boundaries of nature and invention the need for drug development which is driven by profit based on the patent monopoly copyright the expression of original thought seeking to maximise exposure facilitated by the internet but a system that facilitates rampant copying trade marks supporting company branding seeks to exploit global branding through naming domains names and other areas concomitant to the globalisation of intellectual property governance such as foreign direct investment This book holds up a mirror to the issues of world governance of intellectual property rights in this century asking whether the direction we are currently following is in the best interest of global citizens and showing the divergence that constraints are stimulating on a national level **The Autocar** ,1974-11 □□□□□□□□□□□□ □□□□□□□□□□□□□□□□ John Coates, 2024-04-09 Vanguard State Street Fidelity BlackRock 20% S P 500 Apollo Blackstone Carlyle KKR 2 7 Jenny JC Mr Market New York Times Lawrence H Summers Tim Wu Oliver D Hart **Motor** ,1958 **Braby's East London Directory and Buyer's Guide** ,1989
