Laboratories, 1959 **Instruments & Control Systems**, 1969 **Cost-effective Maintenance of Railway Track** R. A. Vickers, Institution of Civil Engineers (Great Britain), 1992 By far the greatest proportion of the total cost of maintaining the infrastructure of a railway arises from the track. Modern trains are lighter, travel faster and are much easier to derail than before. Therefore it is vital that track is maintained adequately. This volume shows how railways can be kept running using the minimum necessary maintenance taking into account the environmental conditions and the type and volume of traffic using the railway

Railroad Accident Report, **Transportation Asset Management** Zongzhi Li, 2018-08-31

Transportation asset management delivers efficient and cost effective investment decisions to support transportation infrastructure and system usage performance measured in economic, social, health and environmental terms. It can be applied at national, state and local levels. This distinctive book addresses asset management for multimodal transportation taking account of system component interdependency, integration and risk and uncertainty. It sets out rigorous quantitative and qualitative methods for addressing system goals, performance measures and needs, data collection and management, performance modeling, project evaluation, selection and trade off analysis, innovative financing and institutional issues. It applies as easily to static traffic and time dependent or dynamic traffic which exists on a more local level. It is written for transportation planners, engineers and academia as well as a growing number of graduate students taking transportation asset management courses
