The Taming Of The Shrew Lesson Plan:

Reader's Theater William Shakespeare Kit Teacher Created Material, 2013-01-01 **Teaching English as a Second Language with Shakespeare** Fabio Ciambella, 2024-06-30 Teaching pragmatics that is language in use is one of the most difficult and consequently neglected tasks in many English as a Second Language classrooms. This Element aims to address a gap in the scholarly debate about Shakespeare and pedagogy combining pragmatic considerations about how to approach Shakespeare's language today in ESL classes and practical applications in the shape of ready made lesson plans for both university and secondary school students. Its originality consists in both its structure and the methodology adopted. Three main sections cover different aspects of pragmatics: performative speech acts, discourse markers, and impoliteness strategies. Each section is introduced by an overview of the topic and state of the art, then details are provided about how to approach Shakespeare's plays through a given pragmatic method. Finally, an example of an interactive ready made lesson plan is provided. **Teaching Shakespeare to ESL Students** Leung Che Miriam Lau, Wing Bo Anna Tso, 2016-09-23 This is a teacher's resource book tailor made for EFL teachers who want to bring Shakespeare into their classes. It includes forty innovative lesson plans with ready to use worksheets, hands on games, and student oriented activities that help EFL learners achieve higher levels of English proficiency and cultural sensitivity. By introducing the plots, characters, and language arts employed in Macbeth, Romeo and Juliet, The Taming of the Shrew, and The Merchant of Venice, the book conveys English grammatical rules and aspects like alliteration, homonymy, irony, simile, metaphor, euphemism, parallelism, unusual word order, etc. are taught through meaning driven games and exercises. Besides developing EFL learners' English language skills, it also includes practical extended tasks that enhance higher order thinking skills, encouraging reflection on the central themes in Shakespeare's plays. **Teaching in Secondary Schools** Mark D. Baldwin, Joseph F. Keating, Kathryn J. Bachman, 2006 This research based book has been designed to help teachers build a strong knowledge base, firm foundations of practice, and a range of skills to successfully teach in today's secondary schools. This first edition book incorporates Coverage of Collaboration Between Schools and Communities in Chapter 10, emphasizes the role and importance of service learning, parent involvement, and community involvement. INTASC Principles and Key Dispositions features are located at the beginning of every chapter. Instructional Resources provided at the end of the book allow teachers the opportunity to extend their understanding of the material. For inservice teachers primarily in the first or second year of teaching in a secondary school setting. **Teaching Outside the Box** LouAnne Johnson, 2015-08-06 Bring a fresh perspective to your classroom.
