**Beeline** Shalini Shankar, 2019-04-30 An anthropologist uses spelling bees as a lens to examine the unique and diverse traits of Generation Z and why they are destined for success At first glance Generation Z youth born after 1997 seems to be made up of anxious overachievers hounded by Tiger Moms and constantly tracked on social media One would think that competitors in the National Spelling Bee the most popular brain sport in America would be the worst off Counterintuitively anthropologist Shalini Shankar argues that far from being simply overstressed and overscheduled Gen Z spelling bee competitors are learning crucial twenty first century skills from their high powered lives displaying a sophisticated understanding of self promotion self direction and social mobility Drawing on original ethnographic research including interviews with participants judges and parents Shankar examines the outsize impact of immigrant parents and explains why Gen Z kids are on a path to success

**1997 School Pronouncer Guide**, 1996 National Spelling Bee 1995 Local Pronouncer Guide, 1994 The Shaping Shaikh Dejan Aždajić, 2020-01-20 Islam is more than a system of rigid doctrines and normative principles It is a diverse mosaic of subjective often contradictory interpretations and discrepant applications that prohibit a narrow one dimensional approach This book argues that to uncover this complex reality and achieve a more accurate understanding of Islam as a lived religion it is imperative to consider Islam from the point of view of human beings who practice their faith Consequently this book provides an important contribution through a detailed ethnographic study of two contemporary Sufi communities Although both groups shared much in common there was a fundamental almost perplexing range of theological convictions and ritual implementations This

book explores the mechanism that accounts for such diversity arguing for a direct correlation between Sufi multiformity and the agency of the spiritual leader the Shaikh Empirical research regarding the authority by which Shaikhs subjectively generate legitimate adaptations that shape the contours of religious belief are lacking This study is significant because it focuses on how leadership operates in Sufism highlighting the primacy of the Shaikh in the selection and appropriation of inherited norms
