The Bangbang Club Snapshots From A Hidden War:

The Bang-Bang Club, movie tie-in Greg Marinovich,Joao Silva,2011-03-01 The Bang Bang Club is the story of four young photographers who covered the last years of apartheid taking many of the most memorable photographs of the period In this stunning new book the group s two surviving members recount their political emotional and personal journeys through these violent years as South Africa moved toward democracy Along the way we accompany them on free lance assignments to other war torn regions including the former Yugoslavia and the Sudan where one member of the group shoots what has become a world famous photograph of a starving child stalked by a vulture The boldness that earned the group its nickname that prompted them to rush headlong into dangerous situations in pursuit of an image forces them to consider difficult questions that lie at the heart of their work When does their sense of humanity overwhelm their ambition and professional duties When do they put aside their cameras and their impartiality and get involved These are the moral dilemmas that the Bang Bang Club grappled with on a daily basis

The Bang-Bang Club, Movie Tie-in Greg Marinovich,2011 A gripping story of four remarkable young men photographers friends and rivals who band together for protection in the final violent days of white rule in South Africa

The Bang-Bang Club Greg Marinovich,João Silva,2000 Chronicles a time of rivalry comradeship machismo and exhilaration experienced by a group of young South African photographers as they documented their country s transition from apartheid to democracy

Filtering Histories Drew A. Thompson,2021-03-22 Photographers and their images were critical to the making of Mozambique first as a colony of Portugal and then as independent nation at war with apartheid in South Africa When the Mozambique Liberation Front came to power it invested substantial human and financial resources in institutional structures involving photography and used them to insert the nation into global debates over photography s use The materiality of the photographs created had effects that neither the colonial nor postcolonial state could have imagined

Filtering Histories The Photographic Bureaucracy in Mozambique 1960 to Recent Times tells a history of photography alongside state formation to understand the process of decolonization and state development after colonial rule At the center of analysis are an array of photographic and illustrated materials from Mozambique South Africa Portugal and Italy Thompson recreates through oral histories and archival research the procedures and regulations that engulfed the practice and circulation of photography If photographers and media bureaucracy were proactive in placing images of Mozambique in international news Mozambicans were agents of self representation especially when it came to appearing or disappearing before the camera lens Drawing attention to the multiple images that one published photograph may conceal

Filtering Histories introduces the popular and material formations of portraiture and photojournalism that informed photography s production circulation and archiving in a place like Mozambique The book reveals how the use of photography by the colonial state and the liberation movement overlapped and the role that photography played in the transition of power from colonialism to independence

appeared in the Chicago sun times **The Nightwatchman** Hlonipha Mokoena,2025-08 The Nightwatchman Essays on Portraiture and the Black Male Figure in Colonial South Africa brings into focus the African policeman as a subject of portraiture While colonial governments co opted and conscripted Africans into military and policing services it was after the Zulu defeat of the English in the battle of Isandlwana that a genre of photography developed around images of the Zulu warrior and Zulu policeman In this illustrated book Hlonipha Mokoena extends the literature on colonial ethnographic photography by creating a narrative of nightwatchman portraiture from the rich archive of images Although the origins of this genre lay in the representation of Fingoes amaMfengu during the frontier wars she argues that an ethnological spectacle of the Zulu male body was inaugurated after the last Zulu king Cetshwayo was photographed as a posing subject While much research has focussed on the African man employed in emasculating labour or as a functionary of settler power this book shifts debates about how the body moves in history Placed in uniform the male subject becomes aestheticised and admired Mokoena focuses less on the idiosyncrasies of the uniform than on the sartorial selection processes and co optation of colonial aesthetic culture that constructed the idea of the Nonqgqayi or nightwatchman as a fully formed photographic presence The beauty captured in these images upends conceptions of colonial photography as a tool of oppression In its focus on the figure of the black and brown fighting man The Nightwatchman offers an innovative work on the history of portraiture and dress in colonial South Africa Incorporating insights from African history art history anthropology and critical theory it offers new insights about the use of men of colour in colonial warfare and new avenues for the interpretation of visual representations of the black male figure **Roger Ebert's Movie Yearbook 2012** Roger Ebert,2011-12-06 Ebert collects his reviews from the last 30 months Readers can expect to find every movie review he has written from January 2009 to July 2011 Also included are in depth interviews with newsmakers and celebrities such as John Waters and Justin Timberlake memorial tributes and essays on the Oscars and reports from the Cannes and Toronto Film Festivals **The Cruel Radiance** Susie Linfield,2011-05-27 In The Cruel Radiance Susie Linfield challenges the idea that photographs of political violence exploit their subjects and pander to the voyeuristic tendencies of their viewers Instead she argues passionately that looking at such images and learning to see the people in them is an ethically and politically necessary act that connects us to our modern history of violence and probes the human capacity for cruelty Grappling with critics from Walter Benjamin and Bertolt Brecht to Susan Sontag and the postmoderns and analyzing photographs from such events as the Holocaust China s Cultural Revolution and recent terrorist acts Linfield explores the complex connection between photojournalism and the rise of human rights ideals In the book s concluding section she examines the indispensable work of Robert Capa James Nachtwey and Gilles Peress and asks how photography should respond to the increasingly nihilistic trajectory of modern warfare A bracing and unsettling book The Cruel Radiance convincingly demonstrates that if we hope to alleviate political violence we must first truly understand it and to do that we must begin to look Books in Print Supplement ,2002 **All Or Nothing**
