**Punk Rock. How Did The First Bands Emerge?** Gabriele Eschweiler,2019-06-17 Essay from the year 1977 in the subject Sociology Media Art Music grade 1

0 University of Bonn Anglistik course General Language Course language English abstract This essay was written in the heydays of the British punk movement when new bands were still emerging on the scene like mushrooms The punks had declared war on the boring and self indulgent musical excesses of the old wave musicians and were pushing their own minimalism to extremes Punk was wild punk was fun and had as much admirers as opponents Despite all the excitement that the punk movement was able to create the author of this essay ends on a highly critical note somehow foreseeing the commercialisation of yet another wild youth movement Punk means rotten wood but is more often used in the colloquial sense of worthless stuff or worthless person This latter usage occurs in Shakespeare as well as in modern American parlance After the Beatles in 1964 achieved a huge triumph in the U S a large number of homegrown imitators attempted to emulate their success Before this groups who played their own instruments and wrote their own songs had been in the minority in American rock the pre Beatles post rock n roll era having been dominated by solo singers Roy Orbison Neil Sedaka Del Shannon c vocal groups Shirelles Marvelettes Miracles songwriting teams Lieber Stoller Goffin King Pomus Shuman and occasionally producers Phil Spector who created product in assembly line fashion So these new groups who months before

had been unable to play instruments and who to the technically minded still were unable and had instead been driving trucks or serving gasoline appeared moronic and opportunist and were soon labelled punks or so the story goes Most successful of these although none of them were very successful were the Standells and Question Mark and The Mysterians Their subject matter was the usual boy and girl stuff but later on in the wake of Bob Dylan protest became fashionable Orpheus the Seeds The original punks were swallowed up in the psychedelic movement and the hippie universal love cult which followed when rock went soft The point is that the punks represented roughness hardness gaucherie and an uncompromising nay saying anti philosophical attitude Something to Believe In Andrew Stafford,2019-07-02 Set to the soundtrack of music that has shaped a generation Something To Believe In will resonate with anyone whose life has been saved by rock n roll Born in Melbourne s outer suburbs in the 1970s Andrew Stafford grew up in a time when music was a way out and a way up His passion for rock n roll led him to a career as a journalist and music critic but along the way his battles with family illness mental health and destructive relationships threatened to take him down Andrew Stafford delves bravely and deeply into a life that has been shaped and saved by music s beat From the author of the cult classic Pig City comes a memoir of music madness and love We Rock! (Music Lab) Jason Hanley,2015 From Elvis and the Beatles to Ray Charles and The Ramones includes bios historical context extensive playlists and rocking activities for the whole family Rock Song Index Bruce Pollock,2014-03-18 The Rock Song Index Second Edition is a new version of a well received index to the classic songs of the rock canon from the late 40s through the end of the 20th century The study of the history of rock music has exploded over the last decade all college music departments offer a basic rock history course covering the classic artists and their songs
