

## Step 7

### Mascara

**Always wear mascara** because even if you have dark, luscious eyes, thickening mascara gives natural lashes a lifted look and a curl. If you have a sparse full set, the mascara will add a bit of fullness, making them look like they're laughing naturally. There's nothing like a good mascara if you want a little extra look to it. Your mascara needs to be thick.

**When applying mascara**, hold the brush over your eye and brush from the base of the lashes to the tips. Hold the wand in place for a moment so the lashes can catch the mascara. Apply more to those eyes.

**If you choose to curl the lashes**, it's not before applying mascara. Curling before, after applying mascara, can break the lashes.

The thick mascara makes the most impact. There's nothing like a thick look.

## Step 8

### Blush

**Always add a natural shade of blush** to the apples of cheeks. Blend up toward the hairline, down toward the under-eye area.

**For long-lasting results**, there's a way of applying blush that's best.

**For an extra glow**, first, a shimmer powder on the cheekbones with a few blusher brush, or use a blusher brush applied with your fingers.

**For a glow off your powder blush**, use your brush to buff the blush into the skin. It's better to buff the blush into the skin than to rub it in.

**For a glow off your blush** is a good option for the skin.

**To add a warm tone to skin**, use a blusher on areas where the sun normally hits the face—cheeks, forehead, nose, and chin.

## Step 9

### Lipstick

**Start with clean, smooth lips.**

**Several lipstick shades and about 10 minutes** can be applied. Apply the lipstick to the lips. The lipstick should be applied to the lips. The lipstick should be applied to the lips. The lipstick should be applied to the lips.

**For a natural look**, use a lipstick that is a shade lighter than your natural skin tone. The lipstick should be applied to the lips. The lipstick should be applied to the lips. The lipstick should be applied to the lips.
