## **Body Soul Human Nature The Crisis In Ethics:**

*Body & Soul* J. P. Moreland, Scott B. Rae, 2000-03-24 The rise of science has called into question the existence of the soul and even many Christian intellectuals view the soul as an outdated and unbiblical concept J P Moreland and Scott B Rae present a vigorous philosophical and ethical defense of human nature as body and soul examining Christian dualism as it impinges on critical ethical concerns

**Body & Soul** Scott B. Rae, J. P. Moreland, 2000 **Theological Anthropology: A**

**Guide for the Perplexed** Marc Cortez, 2010-01-21 What does it mean to be human and to be made in the image of God What does it mean to be a person What constitutes a human person What does it mean to affirm that humans are free beings And what is gender Marc Cortez guides the reader through the most challenging issues that face anyone attempting to deal with the subject of theological anthropology Consequently it addresses complexities surrounding such questions as Each chapter explains first both why the question under consideration is important for theological anthropology and why it is also a contentious issue within the field After this each chapter surveys and concisely explains the main options that have been generated for resolving that particular question Finally the author presents to the reader one way of working through the complexity These closing sections are presented as case studies in how to work through the problems and arrive at a conclusion than as definitive answers Nonetheless they offer a convincing way of answering the questions raised by each chapter

**Health-Care Ethics** James R. Thobaben, 2010-02-26 Founded on in depth biblical studies and perceptive theological perspective James Thobaben s book has given us a comprehensive treatment of the myriad ethical issues involved in health care He addresses topics such as the nature of evangelical faith understanding illness family caring the role of health care providers institutional considerations ethical issues related to reproduction death and dying Thobaben guides us into the realm of ethical discernment and decision making by grasping the interconnections between health care in its various dimensions with the whole of true Christian living If you are a student or pastor or serving in the health care professions this monumental resource is for you

**Philosophical Foundations for a Christian Worldview** J. P.

Moreland, William Lane Craig, 2017-10-10 This comprehensive and award winning orientation to Christian philosophical foundations is now updated and expanded in a second edition including enhanced arguments updated bibliographies and new chapters on atonement and the mind body problem This textbook from Moreland and Craig two leaders in the field is the keystone in any library of Christian philosophy

**Body, Soul, and Human Life** Joel B. Green, 2008 Are humans composed

of a material body and an immaterial soul This view is commonly held by Christians yet it has been undermined by recent developments in neuroscience How much of Christian theology is built on views of humanity that modern science has proved to be untenable Exploring what Scripture and theology teach about issues such as being in the divine image the importance of community sin free will salvation and the afterlife Joel Green argues that a dualistic view of the human person is inconsistent with both science and Scripture Publisher description cf OCLC **Beyond Male and Female?** Sam

Ashton,2023-09-21 In this incisive work Sam Ashton provides a compelling consistent and erudite argument for a foundational approach to the matter of sexual difference drawing on biblical and doctrinal material and using resources in their original languages He tracks and traces the sexed body as it moves from creation through the fall to redemption now and final consummation not yet In doing so Ashton presents what is perhaps the strongest case that can be made for male and female He created them Each chapter privileges biblical exegesis drawing upon figures in church history notably Augustine and Aquinas as and when they illumine Scripture By doing so the book considers the difficulty presented to sexual dimorphism by the phenomenon of intersex Ashton seeks to develop an understanding that is generous inclusive and affirming so he works carefully through the writings of Thatcher Song and Cornwall in a way that invites engagement and dialogue With the complete divine drama in view the book offers synthetic judgments about what remains essential for the structure of the sexed body as it travels through history and what may be accidental to the sexed body's direction within a particular theo dramatic act Ashton concludes by considering ways to transition from dogmatic judgments about intersexuality to the moral pastoral care of concrete intersex individuals briefly thinking about the complex matter of marriage
