Body Nation And Narrative In The Americas:

Body, Nation, and Narrative in the Americas K. Pitt, 2010-12-20 This book contextualizes 21st century representations of disappearance torture and detention within a historical framework of inter American narratives Examining a range of sources Pitt finds a persistent focus on the body that links contemporary practices of political terror to concerns about corporality and sovereignty

Queer Democracy Daniel D. Miller, 2021-08-25 Queer Democracy undertakes an interdisciplinary critical investigation of the centuries old metaphor of society as a body drawing on queer and transgender accounts of embodiment as a constructive resource for reimagining politics and society Daniel Miller argues that this metaphor has consistently expressed a desire for social and political order grounded in the social body's imagined normative shape or morphology The consistent result from the concord discourses of the pre Christian Stoics all the way through to contemporary nationalism and populism has been the suppression of any dissent that would unmake the social body's presumed normativity Miller argues that the conception of embodiment at the heart of the metaphor is a fantasy and that negative social and political reactions to dissent represent visceral dysphoric responses to its reshaping of the social body He argues that social body's essential queerness defined by fluidity and lack of a fixed morphology spawns queer democracy expressed through ongoing social and political practices that aim to extend liberty and equality to new social domains Queer Democracy articulates a new departure for the ongoing development of theoretical articulations linking queer and trans theory with political theory It will appeal to both academic and non academic readers engaged in research on political theory populism US religion gender studies and queer studies

"There She Is, Miss America" E. Watson, 2004-09-18 While some see the Miss American Pageant as hokey vestige of another era many remain enthralled by the annual Atlantic City event And whether you love it or hate it no one can deny the impact the contest has had on American popular culture indeed many reality television shows seem to have taken cues from the pageant Founded in 1921 the Miss America Pageant has provided a fascinating glimpse into how American standards of femininity have been defined projected maintained and challenged At various times it has been praised as a positive role model for young American women protested as degrading to women by feminists and shamed by scandals such as the one caused by the Penthouse photos of Vanessa Williams in 1984 In this first interdisciplinary anthology to examine this uniquely American event scholars defend critique and reflect on the pageant grappling with themes like beauty race the body identity kitsch and consumerism *There She Is Miss America* provides a fascinating examination of an enduring American icon

Bandit Narratives in Latin America Juan Pablo Dabove, 2017-07-12 Bandits seem ubiquitous in Latin American culture Even contemporary actors of violence are framed by narratives that harken back to old images of the rural bandit either to legitimize or delegitimize violence or to intervene in larger conflicts within or between nation states However the bandit seems to escape a straightforward definition since the same label can apply to the leader of thousands of soldiers as in the case of Villa or to the humble highwayman eking out a meager living by

waylaying travelers at machete point Dabove presents the reader not with a definition of the bandit but with a series of case studies showing how the bandit trope was used in fictional and non fictional narratives by writers and political leaders from the Mexican Revolution to the present By examining cases from Argentina Brazil Mexico Peru and Venezuela from Pancho Villa s autobiography to Hugo Chavez s appropriation of his outlaw grandfather Dabove reveals how bandits function as a symbol to expose the dilemmas or aspirations of cultural and political practices including literature as a social practice and as an ethical experience Technology and Gendered Genre Evolution in Latin America Kelly Suero,2020-08-31 Technology and Gendered Genre Evolution in Latin America Writers Bloggers Activists and Floggers analyzes the link between gender and technology to explain the mechanisms underlying the association of specific genders with literary genres Kelly Suero argues that as the democratic effect of the internet affords one the potential to obtain a space of adequate representation Latin American women in particular Argentine women have come to use technology as a medium through which to obtain a voice through the genres of cyberliterature and cyberculture Increasing numbers of Argentine women are making an impact on both the literary and virtual spheres as they take technology to new unexplored areas such as the flogger youth movement led by Agustina Vivero and the Abuelas de Plaza de Mayo s discovery of the ability of DNA mitochondrial analysis to help find missing grandchildren from Argentina s last dictatorship As technology continues to influence a free Argentine society Argentinian women will keep utilizing the medium to become innovative voices in fields previously unavailable to them Scholars of Latin American studies media studies gender and women s studies and cultural studies will find this book particularly useful Mixed Race America and the Law Kevin R. Johnson,2003-02 This ground breaking anthology examines the mixed race experience and the impact of law on mixed race citizens in America **French explorations and settlements in North America, and those of the Portuguese, Dutch, and Swedes, 1500-1700. [c1884** Justin Winsor,1884 **Rethinking Feminisms in the Americas** Debra A. Castillo,Mary Jo Dudley,Breny Mendoza,2000 **Language and Political Meaning in Revolutionary America** John R. Howe,2004 Between the Declaration of Independence and the federal constitution the American revolutionary generation produced an enormous body of writing on political matters The author offers a reassessment of the way America s founders used and understood the language of politics French Exploration and Settlements in North America, and Those of the Portuguese, Dutch, and Swedes, 1500-1700 Justin Winsor,1884 *Narratives of America and the Frontier in Nineteenth-century German Literature* Jerry Schuchalter,2000 German literature about America has consistently occupied a marginal position in both German and American studies This study attempts an overall interpretation of such nineteenth century literature by charting its most significant narratives Narratives are thus shown to be embedded and generated in a bicultural or multicultural setting derived from historical givens as well as from the possibilities inherent in fabrication The result is the illumination of an area previously neglected in literature revealing not only intricate literary creations but also significant insights about culture

canonicity and the construction of national identities Literature and Ethnicity in the Cultural Borderlands ,2016-08-29

This volume stems from the idea that the notion of borders and borderlines as clear cut frontiers separating not only political and geographical areas but also cultural linguistic and semiotic spaces does not fully address the complexity of contemporary cultural encounters Centering on a whole range of literary works from the United States and the Caribbean the contributors suggest and discuss different theoretical and methodological grounds to address the literary production taking place across the lines in North American and Caribbean culture The volume represents a pioneering attempt at proposing the concept of the border as a useful paradigm not only for the study of Chicano literature but also for the other American literatures The works presented in the volume illustrate various aspects and manifestations of the textual border lands and explore the double voiced discourse of border texts by writers like Harriet E Wilson Rudolfo Anaya Toni Morrison Cormac McCarthy Louise Erdrich Helena Viramontes Paule Marshall and Monica Sone among others This book is of interest for scholars and researchers in the field of comparative American studies and ethnic studies **The native races of the Pacific states of North America** Hubert Howe Bancroft,1875 **With the World's People: The beginning. Pyramids and ruins in America** John Clark Ridpath,1912 **The Native Races of the Pacific States of North America: Myths and languages. 1875** Hubert Howe Bancroft,1875 Extensive anthropological ethnographic linguistic archaeological and historical work on the Indians of the North Central and South Americas and in North America as far east as the Mississippi Valley The Pageant of America Ralph Henry Gabriel,1929 *History of the United States of America Under the Constitution* James Schouler,1904 **The Aboriginal Races of North America** Samuel G. Drake,1880 **America, History and Life** ,2005 Article abstracts and citations of reviews and dissertations covering the United States and Canada
