

## **Advanced Higher Geography Issues Essay**

**40 marks (40/150) - 1800 words**

### **What it's all about**

You must select a relevant 'Geographical Issue' you wish to investigate. The best essays are on issues which are current, relevant and have some degree of controversy or strongly contrasting views.

You can select a local issue or a world-wide issue. If selecting a world-wide issue, you must be careful not to make it too vague and unspecific. The sources you use throughout the essay must be recent - 2015 onwards.

Source must be robust, relevant and of sufficient quality. These may include academic journal articles or articles from a quality newspaper. Blogs and generic unverified internet sites should be avoided. Check out <http://www.open.edu/openlearn/> for free articles

The word count for the completed geographical issue should not be between more than 1,800 words in length (excluding any text used on front covers, list of contents, annotations to any illustrations, references, bibliography, appendices). The word count must be submitted by the candidate with the completed project-portfolio (issue).

### **Choosing your Geographical Issues Essay title**

The study of geography, by its very nature, covers a range of contemporary issues and events. These are the issues and events that are 'in the news'.

I know it is hard to think of a geographical issue to write your essay. It will require some **research and background reading** to find an issue that you feel passionate about and that you would like to investigate further. A good starting point is reading some news articles about geographical issues that are in the news.

You will require to have at least three key sources. These Sources can be a viewpoint that supports, opposes the issue or can be balanced or alternative view. You are required to research and decide on three Sources.

As well as your three key sources you will be required to commit to extensive background reading on your chosen issue. This can come from a variety of sources which you will add to your bibliography, it will be expected that draw on your background reading through your essay to provide more detailed analysis and evaluation.
