Chamber of Commerce Journal of Maine ,1912 **The Lewiston Shootings** Robert Conlin,2024-07-30 Never again would anyone say It will never happen here Because it did October 25 2023 was just an ordinary night in Lewiston a small working class city of 37 000 in central Maine Friends and families had gathered to do what they loved to do with the people they wanted to be with at a bowling alley called Just in Time Recreation Center and Schemengees a popular sports bar and restaurant They felt immune from the violent crime that seemed to wrack the rest of the country in a state that the FBI had just named the safest in America Then Robert Card II a deeply paranoid Army Reserve soldier walked into both places with a high powered rifle and opened fire killing 18 people and wounding 13 more He then fled to a third location where according to the evidence and the testimony of his best friend he likely planned to lay in wait and kill his ex co workers when they came to work the next morning The tragedy is that the numerous red flags he had raised in the months before weren t enough to stop him before he carried out his terrible plan A combination of watered down gun control laws and law enforcement and military negligence made sure of that In **THE LEWISTON SHOOTINGS An All American Tragedy** author and award winning journalist Robert Conlin traces the shootings that deeply scarred a community that thought it was the last place on earth where a mass shooting would take place **Selling War to America** Eugene Secunda, Terence P. Moran, 2007-08-30 Battles are won in combat Wars are won by winning the hearts and minds of the people *Selling War to America* provides a thought provoking look at the propaganda efforts the U S government has exerted to that end It begins with an examination of the government s campaign to instigate a war with Spain and ends with a review of the methods being used to encourage support for the War Against Terrorism The book analyzes each of these wars within the context of the techniques used to generate public support also examining the results of propaganda efforts both before and after each conflict From these historical analyses noting both the blunders and the triumphs of the past century the authors offer the keys to successfully persuading the American public to support wars that must be fought Lies were told and truths withheld because government and military leaders did not trust the American people to make appropriate decisions concerning our national security The attacks of September 11 2001 on The World Trade Center Towers and the Pentagon have summoned the American people to a war on terrorism The U S government is now trying to mobilize American public opinion to support this war But this is just the most recent example of how our government has sought to enlist broad public support for the wars it has waged The job of informing and persuading America to support its war efforts has become increasingly more challenging as media technologies like instant global coverage of television news and the Internet reach into every American home *Down East* ,2004-12 **Small Worlds** Robert Klose,2006 Collected essays by Robert Klose longtime contributing essayist for the Christian Science Monitor In a style comparable to that of Garrison Keillor and Jean Shepherd Klose shares his experiences raising adoptive sons stories of traveling abroad memories of his childhood and depictions of life in his small Maine

community Provided by publisher Radio Amateur News ,1919 Yankee Magazine's Guide to New England ,1975
