Alternative Service Delivery Readiness Check:

Alternative Service Delivery: Readiness Check Gerald T. Gabris, Heidi O. Koenig, Kurt Thurmaier, Craig S. Maher, Kimberly L. Nelson, Katherine A. Piker, Alicia Schatteman, Dawn S. Peters, Craig Rapp, 2014-04-15 **Alternative Service Delivery Readiness Check** synthesizes academic and practitioner knowledge about alternative service delivery ASD systems. This handbook offers information and insights that local governments can use to provide public services more effectively and efficiently. It serves as a primer about alternative service delivery intended to guide investigation of new approaches to service delivery. It derives from multiple conversations with local government practitioners in Illinois who were frustrated by a lack of guidance on how to think about alternative service delivery methods for public services and in what circumstances different alternatives were more or less successful. This handbook is written for both appointed managers and elected officials who are looking for innovative ways to consider service delivery and want to answer the basic question: Can we be doing this better? Why does your local government want to consider providing public services in new alternative ways? As the cases in this handbook demonstrate, jurisdictions that successfully develop and implement an alternative service delivery method are driven by a desire to improve service effectiveness. Local governments that move from tactical to strategic thinking about service delivery are the ones more likely to improve services using different forms of alternative service delivery. The kinds of issues and types of questions examined in this handbook range from how to best handle such demand-driven services as allocation of police and fire resources to how to share expensive equipment that your jurisdiction needs only some of the time. The stories, solutions, and evidence are intended to help local government officials understand the differences between delivery alternatives and the prerequisites for developing and implementing each option. **Urban Politics** Myron A. Levine, Heywood T. Sanders, 2025-03-31 **Urban Politics** brings together the classic and contemporary literature on urban politics and history with today's pressing urban issues. This book's central theme is power going beyond the formal institutions and structures of city and suburban government to explain who defines the urban agenda and who benefits from local services and investments. This book also presents a number of subthemes including the impact of globalization, the dominant place of economic development concerns in the urban agenda, and the continuing importance of race and poverty in big city and suburban politics. It also places cities in the larger context of state and federal government politics and policies and discusses the impact of those policies. **Urban Politics** seeks to engage students with photographs, real world case studies, and boxed material that employs films, video, television shows, and popular music to illustrate how urban politics works. **Urban Politics** has been updated and revised to reflect the complex circumstances of both urban success stories and the difficult realities of cities left behind, and to add new material on concentrated poverty, climate change, and the impacts of the COVID-19 pandemic. The 11th edition of **Urban Politics** is an ideal introductory text for students of urban, suburban, and regional politics and policy. This book's coverage of contemporary issues, urban bureaucracy, policy analysis, and

intergovernmental relations also makes it an effective textbook for classes in urban administration and planning Support material for this book can be found at www.routledge.com 9781032270654 **INFORMS Annual Meeting** Institute for Operations Research and the Management Sciences. National Meeting, 2008 A Study of Child Variance: Service delivery systems, 1972 **Behavior & Society**, 1977 Information Infrastructure Sourcebook, 1994 **Mental Health Service Delivery Guidelines**, 1996 **The Internet** JoAnn Harris-Bowlsbey, Margaret F.
