*PC World*, 2008-07     *Whistle* Linwood Barclay, 2025-05-20 **INTERNATIONAL BESTSELLER** Terrific Stephen King on *Whistle* New York Times bestselling author Linwood Barclay enters new territory with a supernatural chiller in which a woman and her young son move to a small town looking for a fresh start only to be haunted by disturbing events and strange visions when they find a mysterious train set in a storage shed. Evil has a one track mind. Annie Blunt has had an unimaginably terrible year. First her husband was killed in a tragic hit and run accident, then one of the children's books she's built her writing and illustrating career on ignited a major scandal. Desperate for a fresh start she moves with her son Charlie to a charming small town in upstate New York where they can begin to heal. But Annie's year is about to get worse. Bored and lonely in their isolated new surroundings Charlie is thrilled when he finds a forgotten train set in a locked shed on their property. Annie is glad to see Charlie happy but there's something unsettling about his new toy. Strange sounds wake Annie in the night she could swear she hears a train but there isn't an active track for miles and bizarre things begin happening in the neighborhood. Worse Annie can't seem to stop drawing a disturbing new character that has no place in a children's book. Grief can do strange things to the mind but Annie is beginning to think she's walked out of one nightmare straight into another only this one is far more terrifying.     [Erzeugung von Atmosphäre an filmtouristischen Destinationen am Beispiel Harry Potter](#) Theresa Kapell, 2021-05-10 Masterarbeit aus dem Jahr 2018 im Fachbereich Geowissenschaften Geographie Fremdenverkehrsgeographie Note 1 3 Johannes Gutenberg Universität Mainz Geographisches Institut Sprache Deutsch Abstract Atmosphären im Sinne von räumlichen Stimmungen sind allgegenwärtig und ubiquitär.
