**Half a Decade of Linux-y Shenanigans** Bryan Lunduke, 2018-02-05 Every article written between 2012 and 2017 by Bryan Lunduke Originally published by Network World these articles represent a snapshot a sort of time capsule of the state of Linux Open Source and alternative Operating Systems during that half decade It was a crazy time covered by an equally crazy guy

**Monetizing Innovation** Madhavan Ramanujam, Georg Tacke, 2016-05-02 Surprising rules for successful monetization Innovation is the most important driver of growth Today more than ever companies need to innovate to survive But successful innovation measured in dollars and cents is a very hard target to hit Companies obsess over being creative and innovative and spend significant time and expense in designing and building products yet struggle to monetize them 72% of innovations fail to meet their financial targets or fail entirely Many companies have come to accept that a high failure rate and the billions of dollars lost annually is just the cost of doing business Monetizing Innovations argues that this is tragic wasteful and wrong Radically improving the odds that your innovation will succeed is just a matter of removing the guesswork That happens when you put customer demand and willingness to pay in the driver seat when you design the product around the price It s a new paradigm and that opens the door to true game change You can stop hoping to monetize and start knowing that you will The authors at Simon Kucher know what they re talking about As the world s premier pricing and monetization consulting services company with 800 professionals in 30 cities around the globe they have helped clients ranging from massive pharmaceuticals to fast growing startups find success In Monetizing Innovation they distil the lessons of thirty years and over 10 000 projects into a practical nine step approach Whether you are a CEO executive leadership or part of the team responsible for innovation and new product development this book is for you with special sections and checklist driven summaries to make monetizing innovation part of your company s DNA Illustrative case studies show how some of the world s best innovative companies like LinkedIn Uber Porsche Optimizely Draeger Swarovski and big pharmaceutical companies have used principles outlined in this book A direct challenge to the status quo spray and pray style of innovation Monetizing Innovation presents a practical approach that can be adopted by any organization in any industry Most monetizing innovation failure point home Now more than ever companies must rethink the practices that have lost countless billions of dollars Monetizing Innovation presents a new way forward and a clear promise Go from hope to certainty

**Blending Leadership** Stephen J. Valentine, Dr. Reshan Richards, 2016-06-09 An organizational approach to more effective school leadership online and off Leadership especially in a school setting is too important to be merely intuitive In this generous book Steve and Reshan outline a new way of thinking for a new kind of leader Recommended Seth Godin author of What to Do When it s Your Turn and it s Always Your Turn If you re a school leader Blending Leadership is the book you need to guide your thinking in today s increasingly networked educational environment Your students and staff may have varying degrees of comfort with technology but this book will give you solid guidance on how to lead them both online and

offline and chart a path to the future Daniel H Pink author of Drive Blending Leadership provides all school leaders with a unique approach to utilizing technology for more effective learning and leadership As the online aspects of schools become just as important as their brick and mortar counterparts leaders must be as effective screen to screen as they are face to face Drawing from research experience and real world examples this book explores and unpacks six core beliefs necessary for the blended leader to succeed Between email websites apps updates tweets attachments infographics YouTube and unceasing notifications most people are inundated with digital detritus and they either grow to ignore it or get swept under it Effective blended leaders see these distractions as spurs to action models test cases remixable commodities and learning opportunities Blending Leadership gives you the perspective you need to excel and the knowledge to leverage the tools at your disposal
