**Apple Of My Eye** Andrew Wild,2025-11-21 The Beatles pioneered so much in the recording studio during their short time together that it's easy to forget that they formed their own record company in April 1968. Their business plan was to find and fund new musical talent. By the end of the year Apple had signed James Taylor and struck lucky with Mary Hopkin. The much admired Badfinger followed along with albums by obvious associates including Billy Preston, Ravi Shankar and Yoko Ono and the not so obvious like John Tavener, Modern Jazz Quartet and Radha Krishna Temple with mixed financial and artistic success. But The Beatles were not businessmen and the early optimism of shiny newness soon soured into chaos as major acts such as 10cc and Crosby, Stills, Nash slipped through their fingers. Allen Klein was appointed to sort out the mess but disenfranchised nearly everybody. Paul left The Beatles and sued the others and in 1975 The Beatles partnership was legally terminated and Apple Records a vanity label in all but name was quietly put to sleep. Apple Of My Eye revisits each of the albums and singles released by Apple between 1968 and 1975 underpinned by the business and legal context of the last days of the world's greatest band. Andrew Wild is a British writer, collector and long time Beatles fan who recalls hearing the Red and Blue albums in the mid 1970s and has been in love with their music ever since. He has copies of every known Beatles outtake and live concert recording. His thorough and exhaustive study of every song performed or recorded by the band, *Four Sides Of The Circle*, was republished in 2024 and he has written numerous music related books including several in the *On Track* series about artists as diverse as The Allman Brothers Band, Phil Collins and Dire Straits. He lives in Rainow, Cheshire, UK.

**Apple of My Eye** Claire Kershaw,2025-08-28 Sometimes you have to bet the farm. Eloise has a plan. She's finished college and she is moving back home to the perfect small town where she grew up and she is going to save her family's apple farm. Nick also has a plan. He's so close to finishing his MBA and ready to take the business world by storm. He just needs to ace his final project, a marketing strategy to revitalise a small town apple farm which just happens to be the rival farm that Eloise has set her sights on for expansion. Against a backdrop of fall festivals, apple pie baking contests and county fairs, the two rivals slowly form an attachment that could end up changing more than their careers.

**Apple Of My Eye** Patrick Redmond,2004-04-05 Ronnie Sidney is a perfect child. The illegitimate by product of a wartime romance, he gives his mother unconditional love when all she has known is loss, rejection and contempt. In her eyes he is faultless, a glorious ray of sunshine in the grey of her existence. But beneath the golden exterior a very different nature wages an ever stronger fight for life. For Susan Ramsey, life is easy. Cherished by her parents, she knows nothing of hardship or misery. Until the sudden death of her father and an introduction to a new and deeply disturbing world. When Susan and Ronnie meet, the attraction is instant. Each recognises the soulmate for whom they have longed. At last, Ronnie feels able to remove his mask of perfection. But like Pandora's Box, what is released can never again be restrained.
