Applied Practice The Awakening Guide Answers:

Applied Spirituality: Seeing Through the Illusion of Our Separateness Robert Colacurcio, 2015-10-14 This volume is a compilation of six smaller books that were published between 2012 and 2014. They were written as though I were taking dictation. Some higher power unlocked the gates of inspiration and articulation and I wrote almost continuously for three hours every day without ever first composing an outline for any of these books. Instead of coming out as gibberish they form a coherent and I feel cogent whole and so I have grouped them together in one volume. Performance excellence in any field requires among other things a clear goal that can be methodically approached incrementally in manageable steps and stages. Without a clear goal there can be no cogent methodology. Accomplishment in the practice of a spiritual discipline that leads to excellent results is no different. Together these books offer a clear goal and method for accomplishing what I feel is the universal target of every valid form of spiritual practice namely seeing through the illusion of our separateness. This goal is universal to every form of spiritual aspiration. The methods outlined in this book therefore bypass every form of sectarianism. They can be applied and practiced by anyone of any faith who is sincerely motivated to deepen in the spirit that unites us all.
