## **Breaking Open Japan Commodore Perry Lord Abe And American Imperialism In 1853:**

Breaking Open Japan George Feifer, 2013-07-02 On July 14 1853 the four warships of America's East Asia Squadron made for Kurihama 30 miles south of the Japanese capital then called Edo. It had come to pry open Japan after her two and a half centuries of isolation and nearly a decade of intense planning by Matthew Perry the squadron commander. The spoils of the recent Mexican Spanish American War had whetted a powerful American appetite for using her soaring wealth and power for commercial and political advantage. Perry's cloaking of imperial impulse in humanitarian purpose was fully matched by Japanese self-deception. High among the country's articles of faith was certainty of its protection by heavenly power. A distinguished Japanese scholar argued in 1811 that Japanese differ completely from and are superior to the peoples of all other countries of the world. So began one of history's greatest political and cultural clashes. In *Breaking Open Japan* George Feifer makes this drama new and relevant for today. At its heart were two formidable men: Perry and Lord Masahiro Abe, the political mastermind and real authority behind the Emperor and the Shogun. Feifer gives us a fascinating account of sealed-off Japan and shows that Perry's aggressive handling of his mission had far-reaching consequences for Japan and the United States well into the twentieth if not twenty-first century.

**Culture, Power and Politics in Treaty-Port Japan, 1854-1899** James Hoare, 2025-10-01 This two-volume collection supported by an in-depth introduction that addresses origins, actuality, endgame, and afterlife brings together for the first time contemporary documentation and more recent scholarship to give a broad picture of Japan's Treaty Ports and their inhabitants at work and play in the second half of the nineteenth century. The material selected shows how the ports' existence and the Japanese struggle to end their special status impacted on many aspects of modern Japan beyond their primary role as trading stations. Compared with their counterparts in China, the Japanese treaty ports cast a small shadow. They were far fewer, only four really mattered, and lasted for just under fifty years while the Chinese ports made their centenary. Yet the Japanese ports were important. The thriving modern cities of Yokohama and Kobe had their origins as treaty ports. Nagasaki, a major centre of foreign trade since at least the sixteenth century, may not have owed so much to its treaty port status, but it was a factor in its modern development.

*The Encyclopedia of Diplomacy, 4 Volume Set* Gordon Martel, 2018-04-30 The *Encyclopedia of Diplomacy* is a complete and authoritative 4-volume compendium of the most important events, people, and terms associated with diplomacy and international relations from ancient times to the present from a global perspective. An invaluable resource for anyone interested in diplomacy, its history, and the relations between states. Includes newer areas of scholarship such as the role of non-state organizations including the UN and M-decins Sans Frontières and the exercise of soft power, as well as issues of globalization and climate change. Provides clear, concise information on the most important events, people, and terms associated with diplomacy and international relations in an A-Z format. All entries are rigorously peer-reviewed to ensure the highest quality of scholarship. Provides a platform to introduce unfamiliar terms and concepts to students engaging with the

literature of the field for the first time *American Journalism and International Relations* Giovanna Dell'Orto,2013-03-29 *American Journalism and International Relations* argues that the American press disengagement from world affairs has critical repercussions for American foreign policy Giovanna Dell Orto shows that discourses created circulated and maintained through the media mold opinions about the world and shape foreign policy parameters This book is a history of U S foreign correspondence from the 1840s to the present relying on more than 2 000 news articles and twenty major world events from the 1848 European revolutions to the Mumbai terror attacks in 2008 Americans perceptions of other nations combined with pervasive and enduring understandings of the United States role in global politics act as constraints on policies Dell Orto finds that reductive media discourse as seen during the 1967 War in the Middle East or Afghanistan in the 1980s has a negative effect on policy whereas correspondence grounded in events such as during the Japanese attack on Shanghai in the 1930s or the dissolution of the Soviet Union in 1991 fosters effective leadership and realistic assessments
