Breaking The Code The New Science Of Beginning Reading And Writing:

Breaking the Code J. Richard Gentry, 2006 If only we could understand that seemingly inexplicable moment when children suddenly get reading Then our instruction could be directed toward creating those specific circumstances which help every student recognize the pattern of meaning behind the marks on a page Now thanks to Richard Gentry's *Breaking the Code* we can In his most important book to date Gentry combines cutting edge brain based research with sound classroom knowledge to explore early literacy development Starting with the crucial interrelationship of reading and writing he looks inside and out at the minds of emerging readers to find out how they construct the idea and process of reading Then he presents a blueprint for instruction and early intervention that combines his new findings with best practice teaching His comprehensive instructional model focuses on building the specific skills capacities and experiences kids need by teaching them to write as they learn to read Gentry gives you everything you need to implement successful beginning reading strategies as well as a variety of effective tips for supporting readers and writers throughout the primary grades Writing with the same clarity and teacher friendly approach as in his best selling *The Science of Spelling* Richard Gentry will show you how scientific thinking and student centered teaching can work together to create powerful literacy instructional practices Let *Breaking the Code* open a window for you into the minds of young readers so that you can open a window for them into a world of literate possibilities

Breakthrough in Beginning Reading and Writing J. Richard Gentry, 2007 In this groundbreaking new book Richard Gentry clears the fog that has long shrouded early literacy development and illuminates beginning reading instruction with major new insights from decades of research Gentry's unifying comprehensive theory shows how reading and writing develop in five phases

Raising Confident Readers J. Richard Gentry, 2010-07-13 Raise a Child Who Loves to Read How do kids really learn to read And how can you encourage interest in reading and writing from the start In *Raising Confident Readers* based on the five phases of literacy development Dr J Richard Gentry provides fun and easy ways to teach your child to read and write successfully When it comes to language the most critical brain growth happens in early childhood *Raising Confident Readers* shows you how to activate and accelerate this capacity for learning The key is to introduce the right activities at the right time Whether your child is a baby or toddler in preschool or kindergarten or first or second grade Dr Gentry helps you identify your child's literacy phase and take the next steps to build writing reading and spelling skills You'll discover How your child's brain learns to read and why encouraging drawing and scribbling is as essential as reading aloud The best at home activities to develop literacy early naturally and joyfully Recommended children's books for each phase Strategies for overcoming dyslexia delayed reading and other challenges Checklists and a milestones diary to celebrate your child's progress As your child moves through the five phases they'll soon be sounding out and spelling words correctly reading chapter books independently and writing creative stories on their own Complete with samples of children's writing throughout *Raising Confident Readers* is an essential resource to foster your
