Breaking The Tablets Jewish Theology After The Shoah:

Breaking the Tablets , *Breaking the Tablets* David Halivni, 2007-08-31 How is it possible after the Shoah to declare one's faith in the God of Israel Breaking the Tablets is David Weiss Halivni's eloquent and insightful response to this question Halivni Auschwitz survivor and one of the greatest Talmudic scholars of the past century declares that at this time of God's near absence Jews can still observe the words of the Torah and pray for God to come near again Jews must continue to study the classic texts of rabbinic Judaism but now with greater humility recognizing that even the greatest religious leaders and thinkers interpret these texts only as mere people prone to human error Breaking the Tablets is important reading for anyone who feels burdened by the question of how it is possible to believe in God and practice their religion The New Jewish Canon Yehuda Kurtzer, Claire E. Sufrin, 2020-08-04 Extraordinarily rich lively and illuminating The editors have succeeded magnificently in achieving their goal Jewish Journal The late twentieth and early twenty first centuries have been a period of mass production and proliferation of Jewish ideas and have witnessed major changes in Jewish life and stimulated major debates The New Jewish Canon offers a conceptual roadmap to make sense of such rapid change With over eighty excerpts from key primary source texts and insightful corresponding essays by leading scholars on topics of history and memory Jewish politics and the public square religion and religiosity and identities and communities The New Jewish Canon promises to start conversations from the seminar room to the dinner table The New Jewish Canon is both text and textbook of the Jewish intellectual and communal zeitgeist for the contemporary period and the recent past canonizing our most important ideas and debates of the past two generations and just as importantly stimulating debate and scholarship about what is yet to come **Toward the Future** Celia Deutsch, Eugene J. Fisher, Arnold James Rudin, 2013 *Signs of Salvation* Mark Randall James, Randi Rashkover, 2021-03-30 Peter Ochs is one of today's most influential Jewish philosophers and the cofounder of the practice of Scriptural Reasoning Signs of Salvation A Festschrift for Peter Ochs celebrates Ochs' deep and wide ranging contributions to theology philosophy interreligious dialogue and conflict resolution studies The volume offers a rich and rigorous introduction to Peter Ochs' extensive body of work and his philosophy of scriptural pragmatism In addition it presents engaging essays by Ochs' colleagues friends and former students who reflect on the impact his work has had on their academic field and their own thought Contributors raise questions about the task of philosophy and the nature of reasoning the appropriate function and limits of the Western academy the practice of Scriptural Reasoning and its significance for interreligious dialogue and the future of modern theology With contributions from Robert Gibbs Nicholas Adams Daniel Weiss Jim Fodor Jacob Goodson Emily Filler Rumi Ahmed Basit Koshul Nauman Faizi Rachel Muers Eliot Wolfson Steven Kepnes Shaul Magid Mike Higton Tom Greggs Susannah Ticciati Stanley Hauerwas *Christian Philosophy* J. Aaron Simmons, 2019 One of the marks of being a philosopher is participating in debates about what counts as philosophy Of particular note in such debates is the question of how to distinguish philosophy from theology Although a variety of

answers to this question have been offered in the history of philosophy in recent decades the prominence of Christian philosophy has been heralded by many as a genuine triumph over the problematic narrowness of strong foundationalism positivism and scientism For others however it signals that philosophy continues to risk being replaced by confessional theology Wherever one comes down on such issues and however one interprets recent trends in philosophy of religion the idea of Christian philosophy continues to present pressing questions for those working in meta philosophy epistemology metaphysics hermeneutics and value theory In this volume established scholars representing a variety of cultural traditions religious perspectives and philosophical priorities all wrestle with how the idea of Christian philosophy should be understood appropriated and engaged in light of where philosophy is and where it is likely to go The volume includes classical essays that have deeply marked the field and also new essays that explore the relevance of Christian philosophy to issues in disability studies engaged pedagogy lived phenomenology the academic study of religion and the workings of social power Rather than offer a unified view that seeks to settle things the contributors demonstrate that Christian philosophy remains a topic of lively debate Wherever one comes down on the issues considered here this volume shows that Christian philosophy is neither merely of historical interest nor of interest only to Christians but instead remains a thoroughly philosophical topic worthy of serious consideration and substantive critique With a Foreword by Nicholas Wolterstorff Noah Porter Professor Emeritus of Philosophical Theology at Yale University Senior Research Fellow in the Institute for Advanced Studies in Culture at the University of Virginia and Honorary Professor of Australian Catholic University Jewish Book World ,2008 *The Cambridge History of Jewish Philosophy* Steven M. Nadler,Tamar Rudavsky,Martin Kavka,Zachary Braiterman,David Novak,2009 Provides a comprehensive overview of Jewish philosophy from the seventeenth century to the present day
