Clint Eastwood Ian Nathan, 2023-09-21 Clint Eastwood is Hollywood's elder statesman and its conscience He is the standard by which other films and filmmakers are judged He represents both classical Hollywood and an entirely modern uncompromising and unfussy directorial presence There are those who adore him as a cowboy a superstar the rugged unyielding yet introspective face of American machismo There are those who read him as a great American auteur fashioning uncompromising fascinating intellectual films about his country about life about whatever the hell takes his fancy No single figure in all of Hollywood operates so freely outside of the strictures of commercial pressure And yet or perhaps that is because he makes hit after hit Separation of actor and director is almost impossible They are intimately related cross

pollinating but he has become in the latter half of his career to be viewed as one of the great American artists. While drawing connections from his wider work as an actor and those who have influenced him, it is his identity as a director that this book will celebrate. This is not a career; it is a landscape. *Apple TV User's Guide* Shelby Johnson, 2014-03-22
