Matthew C. Ward

Breaking The Backcountry The Seven Years War In Virginia And Pennsylvania 1754 1765:

Breaking The Backcountry Matthew C. Ward, 2003-11-02 Even as the 250th anniversary of its outbreak approaches the Seven Years War otherwise known as the French and Indian War is still not wholly understood. Most accounts tell the story as a military struggle between British and French forces with shifting alliances of Indians culminating in the British conquest of Canada. Scholarly and popular works alike including James Fennimore Cooper's *Last of the Mohicans* focus on the action in the Hudson River Valley and the St Lawrence Seaway. Matthew C. Ward tells the compelling story of the war from the point of view of the region where it actually began and whose people felt the devastating effects of war most keenly the backcountry communities of Virginia and Pennsylvania. Previous wars in North America had been fought largely on the New England and New York frontiers. But on May 28 1754 when a young George Washington commanded the first shot fired in western Pennsylvania fighting spread for the first time to Virginia and Pennsylvania. Ward's original research reveals that on the eve of the Seven Years War the communities of these colonies were isolated, economically weak and culturally diverse. He shows in riveting detail how despite the British empire's triumph the war brought social chaos, sickness, hunger, punishment and violence to the backcountry much of it at the hands of Indian warriors. Ward's fresh analysis reveals that Indian raids were not random skirmishes but part of an organized strategy that included psychological warfare designed to make settlers flee Indian territories. It was the awesome effectiveness of this guerilla warfare that led to the most enduring legacies of the war Indian hating and an armed population of colonial settlers distrustful of the British empire that couldn't protect them. Understanding the horrors of the Seven Years War as experienced in the backwoods thus provides unique insights into the origins of the American republic.

The French Navy and the Seven Years' War Jonathan R. Dull, 2005 The Seven Years War was the world's first global conflict spanning five continents and the critical sea lanes that connected them. This book is the fullest account ever written of the French navy's role in the hostilities. It is also the most complete survey of both phases of the war the French and Indian War in North America 1754-60 and the Seven Years War in Europe 1756-63 which are almost always treated independently. By considering both phases of the war from every angle award-winning historian Jonathan R. Dull shows not only that the two conflicts are so interconnected that neither can be fully understood in isolation but also that traditional interpretations of the war are largely inaccurate. His work also reveals how the French navy supposedly utterly crushed could have figured so prominently in the War of American Independence only fifteen years later. A comprehensive work integrating diplomatic, naval, military and political history *The French Navy and the Seven Years War* thoroughly explores the French perspective on the Seven Years War. It also studies British diplomacy and war strategy as well as the roles played by the American colonies, Spain, Austria, Prussia, Russia, Sweden and Portugal. As this history unfolds it becomes clear that French policy was more consistent, logical and successful than has previously been acknowledged and that King Louis XV's conduct of the war profoundly affected the outcome of America's subsequent Revolutionary War.

War

[in an Age of Revolution, 1775-1815](#) Roger Chickering, Stig Förster, 2010-02-08 The essays in this volume examine the historical place of revolutionary warfare on both sides of the Atlantic focusing on the degree to which they extended practices common in the eighteenth century or introduced fundamentally new forms of warfare **The Encyclopedia of North American Colonial Conflicts to 1775: A-K**, 2008 Covers all major wars and conflicts in North America from the late 15th to mid 18th centuries with discussions of key battles diplomatic efforts military technologies and strategies and tactics Explores the context for conflict with essays on competing colonial powers every major Native American tribe all important political and military leaders and a range of social and cultural issues Publisher's Web site *Becoming Irish American* Timothy J. Meagher, 2023-11-07 The origins and evolution of Irish American identity from colonial times through the twentieth century As millions of Irish immigrants and their descendants created community in the United States over the centuries they neither remained Irish nor simply became American Instead they created a culture and defined an identity that was unique to their circumstances a new people that they would continually reinvent Irish Americans Historian Timothy J. Meagher traces the Irish American experience from the first Irishman to step ashore at Roanoke in 1585 to John F. Kennedy's election as president in 1960 As he chronicles how Irish American culture evolved Meagher looks at how various groups adapted and thrived Protestants and Catholics immigrants and American born those located in different geographic corners of the country He describes how Irish Americans made a living where they worshiped and when they married and how Irish American politicians found particular success from ward bosses on the streets of New York Boston and Chicago to the presidency In this sweeping history Meagher reveals how the Irish American identity was forged how it has transformed and how it has held lasting influence on American culture **Breaking the Backcountry** Matthew C. Ward, 2003 Table of contents [The Virginia Magazine of History and Biography](#) Philip Alexander Bruce, William Glover Stanard, 2004

Virginia Women Cynthia A. Kierner, Sandra Gioia Treadway, 2016-08 This second of two volumes continues the exploration of the history of Virginia women through the lives of exemplary and remarkable individuals Seventeen essays written by established and emerging scholars recover the stories and voices of a diverse group of women from the transition from slavery to freedom in the period following the Civil War through the struggle to secure rights for gay and lesbian women in the late twentieth century Placing their subjects in their larger historical contexts the authors show how the experiences of Virginia women varied by race class age and marital status and also across both space and time Some essays examine the lives of well known women such as Ellen Glasgow and Patsy Cline from a new perspective Others introduce readers to historical figures who are less familiar freedmen schoolteacher Caroline Putnam reformer Orra Gray Langhorne Sadie Heath Cabaniss the founder of professional nursing in Virginia and Marie Kimball an early preservationist Essays on cotton textile workers in the late nineteenth century and home demonstration agents in the early twentieth examine women's collective experiences in these important areas Altogether the essays in this collection offer readers an engaging and

personal window into the experiences of women in the Old Dominion Journal of the History Museum & Historical Society of Western Virginia ,2006 **Term Paper Resource Guide to Colonial American History** Roger M.
