There were five objectives. Three were established at the conference and the last two were added later: 1. To support the Sangha Body's Provincial Meditation Centers to administer Buddhist Education effectively; 2. To cooperate with Provincial Meditation Centers to teach meditation at the same high standard for all people at all levels; 3. To assist Provincial Meditation Centers with academic scholarship; 4. To cooperate with the Chiefs of the Sangha Regions and Directors of the Provincial Meditation Centers to raise academic training techniques to the same high standard; 5. To support the Sangha in stabilizing, protecting, and developing Buddhism under the rules of the Discipline, the Law, and the Sangha Rules. The committee members agreed to publish A Study Guide for Samatha Vipassana Meditation based on the Five Meditation Techniques as a book. Those five techniques are the Triple Gem Meditation, Buddha Mindfulness of Breathing, nāpānasati, Rising, Falling, Inflating, Contracting, Mind, nāma, and Body, rūpa, and Dhammakaya Meditation, sammārahaṅg. **Non-Soil Fumigation: A Pesticide Applicator Study Guide**, 2023-08-10. This study manual will prepare individuals for the Department of Pesticide Regulation's DPR's commercial applicator Non Soil Fumigation category Category M examination. Fumigants are a type of pesticide with unique physical and chemical characteristics. Fumigants are gases or turn into gases after application. Fumigants may be odorless and usually cannot be seen. DPR's Non Soil Fumigation category is intended for individuals who perform pest control using a pesticide labeled as a fumigant. This category does not include structural pest control required to be licensed under Chapter 14 commencing with Section 8500 of Division 3 of the Business and Professions Code. This study manual covers important aspects of pesticides used for non soil fumigations. However, the study manual is not a substitute for reading and understanding the label of the specific fumigant product you will be using. Thoroughly read the label prior to purchase and application. Each chapter ends with review questions. After reading each chapter, test your understanding of the information presented in the chapter by answering the review questions. The review questions are similar to those that will be on the exam.
