An Obscure View Professor Guido, 2025-12-08 This story is about a young man who develops a convoluted train of thought because of circumstances beyond his control We all use rationalization to justify our conduct which can work for or against us The situations he encounters can be hilarious at times and tragic at other times Some are life changing while others will have you laughing in your seat Although the main character has a heart as big as a house he sometimes hurts the people he loves the most His never quit attitude will have you cheering him on at times while at other times wanting to smack him in the head He always lives with a glass half full attitude and never gives up on a friend His loyalty is undeniable to a fault His life has been a series of situations that most people can relate to although few have lived Strap yourself in and enjoy the ride
